

INSPIRED • EMPOWERED • EQUIPPED

SOUTHWEST DENTAL CONFERENCE

October 10-11, 2019 • Kay Bailey Hutchison Convention Center • Dallas, Texas

DON'T BENCH YOUR TEAM!

Bring all your players
— hygienists, dental assistants, lab technician, admin staff —
The Southwest Dental Conference outshines the Texas-DU programs
in terms of training special teams!

Whether you are focusing on fundamentals or needing aggressive,
hard-hitting team strategies, our star clinicians are ready to motivate and
increase performance.

**“INDIVIDUAL COMMITMENT TO A GROUP EFFORT: THAT IS WHAT MAKES
A TEAM WORK, A COMPANY WORK, A SOCIETY WORK, A CIVILIZATION WORK.”
— VINCE LOMBARDI**

WELCOME TO THE SOUTHWEST DENTAL CONFERENCE!

CELEBRATING OUR 92ND YEAR

The Southwest Dental Conference is the meeting of choice for quality professional development, offering innovative Educational opportunities with our signature atmosphere of tradition, hospitality and camaraderie.

Welcome to the 92nd annual Southwest Dental Conference!

Two events take precedence in Dallas this time of year: the Southwest Dental Conference, a premier annual meeting of dental excellence; and the Red River Shootout, a premier annual meeting of Texas-Oklahoma football!

In the rivalry football game, two storied college teams face off. Both programs are in the top six nationwide in all-time wins. For these teams, winning is not just an aspiration—it's an expectation! Their success is founded on the commitment of coaches and players to a common goal, a shared confidence that they WILL win and months upon months of training.

For elite dental teams, a winning record means providing exceptional care for patients. Like success on the field, success in dentistry requires the same foundation – the dental team must embrace a common goal, share the will to achieve and continually enhance their skills and abilities through training.

The 2019 Southwest Dental Conference will provide outstanding opportunities to grow in these areas and optimize your team for success. Our hope is that you will leave here "Inspired - Empowered - Equipped."

During these two days, the Southwest Dental Conference will inspire you with new ideas, unique approaches and the latest research and innovation in dentistry. Renowned speakers will empower you through engaging, compelling presentations. And world-class continuing education—whether speaker lectures, hands-on courses or interactive seminars—will equip each member of your team with the skills and resources to excel.

So once again, welcome! We encourage you to have fun, enjoy the meeting, connect with peers and get ready to be Inspired - Empowered - Equipped!

TODD BAUMANN, DDS, MS

2019 SOUTHWEST DENTAL CONFERENCE

OCTOBER 10-11, 2019

KAY BAILEY HUTCHISON CONVENTION CENTER

650 S. GRIFFIN STREET
DALLAS, TEXAS 75202

Exhibit Hall C; Meeting Rooms C & D
All exhibit booths and clinical programs
are located at the Convention Center.

REGISTRATION INFORMATION

PREREGISTER TO SAVE TIME AND MONEY!

Avoid long registration lines: preregister online or by mail using the form on pages 10-11. Registrations after August 26, 2019 will incur an additional \$25 fee per person, and will increase again by \$25 per person on October 9, 2019.

PREREGISTRATION IS EASY!

Select courses and complete registration online (swdentalconf.org) or by mail. Those who register online will receive an email confirmation within 72 hours.

If mailing, send form to the registration company:

Southwest Dental Conference
6840 Meadowridge Court
Alpharetta, GA 30005

Registrations are processed in the order received. Students can only register by mail or on-site and family members can only register on-site. All students must provide a copy of their valid student ID card when registering by mail or on-site. Telephone and fax registrations are not accepted. All forms must be received by the registration company on or before August 26, 2019 to qualify for the preregistration fees. Registrations after this date must be done online and will incur additional charges. Fees are payable to Southwest Dental Conference in U.S. funds by check, money order, MasterCard, VISA or American Express. Credit card users must supply a new credit card number within 24 hours of denial notification or ordered tickets will be returned to inventory. Tickets will not be held.

ON-SITE REGISTRATION HOURS

Wednesday, October 9 12:00-5:00 p.m.
Thursday, October 10 7:30 a.m.-5:00 p.m.
Friday, October 11 7:30 a.m.-2:00 p.m.

PREREGISTRATION MATERIALS

Badges and tickets are sent to U.S. registrants by mail. Materials for those outside the U.S. are held for pickup at the On-site Registration Area. Each registered person receives a personalized packet of materials. Obtain an on-site meeting program and other important information at the Welcome Center when you arrive.

CORRECTIONS/CHANGES/ADDITIONS

Corrections, changes and additions are processed at no charge after original registration has been submitted. Online registrants may make certain changes to their information and add classes through the website (swdentalconf.org). You cannot cancel registrations on the website. You may also mail corrections, changes and additions to the registration company. Indicate the ID number shown on your name badge.

FOLLOW SOUTHWEST DENTAL CONFERENCE ON
SOCIAL MEDIA FOR THE LATEST NEWS, INFORMATION,
TRAVEL TIPS AND CONTESTS!

TICKETS & COURSES

ONLINE HANDOUTS

After registering for courses, attendees with valid email addresses will receive access to handouts online.

Attendees should download the handouts for each course they plan to attend. Handouts are not available on-site.

LOST BADGES

Badges are required for entrance into courses and Exhibit Hall. Lost badges are replaced at no additional cost at the On-site Registration desk with ID.

COURSE FEES – NEW THIS YEAR

Early registration is encouraged to ensure course availability and early bird pricing. Course fees increase by \$10 per course after August 26, 2019.

HANDS-ON WORKSHOPS

Workshops marked with an asterisk (*) require supplies. Supply lists are printed with the course synopsis. Attendees are responsible for bringing supplies to the course.

CLASSROOMS

All rooms are set to maximum capacity. When the room is filled, no additional people will be admitted and no standing is allowed per order of the fire marshal. No children are permitted in the classrooms. Cellular phones and pagers must be turned off prior to entering any of the meeting rooms.

SWDC COURSE TICKET POLICY

All 2019 Southwest Dental Conference courses are ticketed. You must be registered and have a ticket to attend each course. Please indicate the course numbers on your registration form.

You must register for the courses you plan to attend in order to receive CE credit. The SWDC CE Verification system does not allow you to enter completion codes for courses in which you did not obtain a ticket.

CANCELLATION/REFUND POLICY

CANCELLATION/REFUND DEADLINE: SEPTEMBER 13, 2019.

Send a written request for cancellation/refund accompanied by badge and ticket summary to Southwest Dental Conference, 13633 Omega Road, Dallas, TX 75244. A 20% administrative fee will be assessed. No refunds are given after the stated deadline regardless of reason including, but not limited to, death, illness or acts of God. Refunds are processed four weeks after completion of the Conference.

DALLAS COUNTY DENTAL SOCIETY

IS AN ADA CERP RECOGNIZED PROVIDER.

ADA CERP® | Continuing Education
Recognition Program

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Dallas County Dental Society designates one (1) credit per hour for CE activities, unless otherwise noted.

Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/goto/cerp.

CE courses provided by Dallas County Dental Society are recognized by the Texas State Board of Dental Examiners, other state's licensing bodies and the Academy of General Dentistry. In Texas, CE courses must be "technical or scientific as relates to clinical care" to qualify for relicensure. Courses are designated "technical and/or scientific" or "nontechnical." CE requirements differ from state to state, so please check with your state for specific requirements. AGD course codes and CE credit hours are shown on each course synopsis.

COURSE DISCLAIMER

The Southwest Dental Conference and its sponsor, Dallas County Dental Society, make every effort to present high-caliber clinicians in their respective areas of expertise. The presentations of the clinicians in no way imply endorsement of any product, technique or service presented in the courses. The Southwest Dental Conference and Dallas County Dental Society specifically disclaim responsibility for any material presented.

CE DOCUMENTATION

A CE Attendance Worksheet is available on-site at the Welcome Center. Record course information and completion codes on the CE Attendance Worksheet. Completion codes are given at the conclusion of each course. Each attendee is responsible for maintaining all CE documentation. AGD members may contact AGD for their forms. Some states have different requirements for documentation and verification of course credits. Please check with your state.

CE VERIFICATION

For on-site scanning, the CE Center is located at the back of the Exhibit Hall. At the computer, scan the bar code on your CE Scan Card and type in the four-digit completion code for each course attended. This will generate a printed CE Verification Certificate detailing course name, presenter, date, time and number of CE credit hours. Courses may be entered into the computer all at once or at various times. The printed CE Verification Certificate is cumulative and will show all courses you have attended each time the list is printed. Courses with identical dates and times will not print. The CE Center is open during Exhibit Hall hours Thursday and Friday. You may leave the CE Attendance Worksheet at the CE Center or mail it to the registration company after the Conference, and a CE Verification Certificate will be mailed to you. The registration service will mail CE Verification Certificates at no charge for up to 90 days after the Conference; thereafter, a \$25 charge is assessed.

CE Verification is available on the SWDC mobile app throughout the Conference and at swdentalconf.org post-Conference. Click on the CE Verification link. You will be directed to enter your badge number and your last name. After entering this information, please enter completion codes for every course you attended. You may either print or email your certificate.

This site will be available for six months after the 2019 SWDC.

TRAVEL INFORMATION

Dallas is easily accessed from across the country by two airports: Dallas Love Field and Dallas/Fort Worth International Airport.

RIDE THE DART RAIL SYSTEM

DART drops off riders just a short, covered walk from the Kay Bailey Hutchison Convention Center. Trains run at 20-minute intervals, 5:30 a.m.-12:30 a.m., seven days a week. Stations are located at the Convention Center and several areas throughout Dallas. For more information, call DART at 214-979-1111 or visit their website at dart.org.

TRINITY RAILWAY EXPRESS

If coming from west of Dallas, the Trinity Railway Express brings riders to Union Station, where you can catch a DART train to the Convention Center. For routes and schedules, visit trinityrailwayexpress.org.

PUBLIC PARKING

In addition to the underground parking off Griffin Street at the back of the Convention Center, surface parking lots surrounding the Convention Center are available at an estimated cost of \$15 per day. No reserved parking is available. Visit dallasconventioncenter.com for more information.

HOTEL ALERT!

It has been brought to our attention that a third-party company is claiming to book hotels using the SWDC name on an unauthorized website without our permission. This company is not in any way affiliated with the SWDC or Omni Dallas Hotel (headquarters hotel).

The SWDC does not use third-party companies for reservations, and SWDC cannot verify the validity or security of any third party solicitor. Please book your hotel by contacting the hotel directly via web or phone. If you have any questions about the authenticity of information referencing our Conference, please contact us at 866-THE-SWDC.

OMNI DALLAS HOTEL

555 S. LAMAR
DALLAS, TX 75202
RESERVATIONS: 214-744-6664
WWW.OMNIHOTELS.COM

GROUP RATE CODE: 100419SOUTHWEST

GROUP RATE DEADLINE: SEPTEMBER 4, 2019

The Omni Dallas Hotel features 1,001 guest rooms, including 64 luxury suites and three presidential suites. Enjoy the modern decor and the convenience of a short walk across the skybridge connected to the Convention Center. Social events, ancillary meetings and some courses will be held at the hotel.

Dining at the hotel consists of several fantastic eateries as well as a full-service Mokara Spa, gift shop, rooftop terrace pool deck and a spacious fitness center with stunning views of downtown.

Please note: Our convention dates are determined by the number of attendees that stay in the SWDC hotel room block. Please help us get the best, most consistent dates possible by staying in the Omni Dallas Hotel. This ensures that we receive credit for your stay and improves our standing with the Kay Bailey Hutchison Convention Center. Register early to book your hotel reservation.

ALWAYS AN ATTENDEE FAVORITE, THE CE EXPRESS 1-HOUR COURSE SERIES IS BACK IN ITS EXPANDED FORMAT FOR 2019! ENJOY THE CLASSIC CE EXPRESS, HYGIENE CE EXPRESS AND ASSISTANT CE EXPRESS.

CE EXPRESS

CE EXPRESS

Thursday, October 10

8:00 a.m. - 12:00 p.m.

Audience: D,A,H

Course # T02

See page 27 for course information.

Friday, October 11

12:30 - 4:30 p.m.

Audience: D,A,H

Course # F02

See page 42 for course information.

ASSISTANT CE EXPRESS

Thursday, October 10

8:30 a.m. - 12:30 p.m.

Audience: D,A,H

Course # T01

See page 27 for course information.

HYGIENE CE EXPRESS

Thursday, October 10

12:30 - 4:30 p.m.

Audience: D,A,H

Course # T03

See page 28 for course information.

Friday, October 11

8:00 a.m. - 12:00 p.m.

Audience: D,A,H

Course # F01

See page 42 for course information.

Tickets must be purchased for entire CE Express session; single presentation tickets are not available.

THURSDAY OCTOBER 10

IT'S ALIVE! A CLINICAL ANATOMY REVIEW FOR THE DENTAL TEAM

ALAN BUDENZ, MS, DDS, MBA
8:00-11:00 A.M.

A PRACTICAL APPROACH TO INCORPORATING ORAL PATHOLOGY INTO CLINICAL PRACTICE AND PATIENT CARE

JOHN WRIGHT, JR., DDS, MS
8:30-11:30 A.M.

SYSTEMIC CYCLONES, THE BIOLOGY OF DISEASE AND WELLNESS

AMBER RILEY, RDH, MS
9:00 A.M.-12:00 P.M.

THE OPIOID EPIDEMIC — WHEN PRESCRIPTIONS BECOME A PROBLEM

JACQUELINE PLEMONS, DDS, MS
1:00-4:00 P.M.

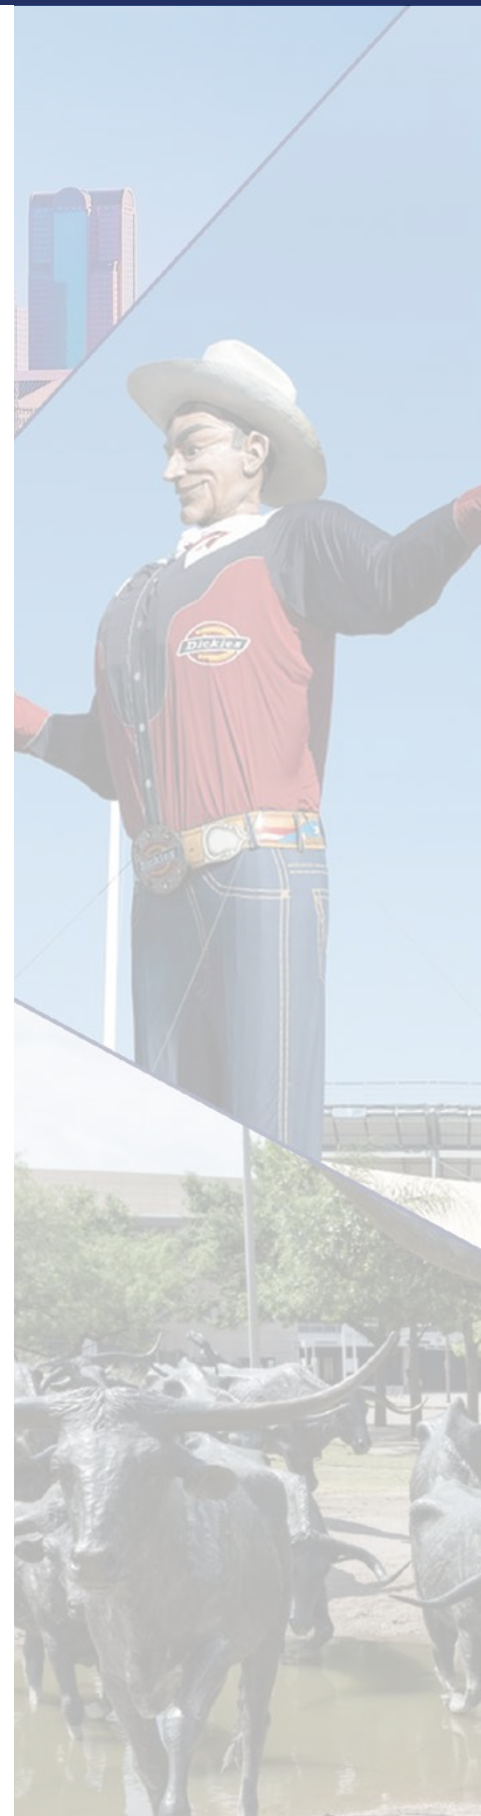

CRANIOFACIAL DENTAL SLEEP MEDICINE FOR THE CLINICAL DENTIST

ROBERT TALLEY, DDS
1:30-4:30 P.M.

WOMEN'S HEALTH: A WOMAN'S GUIDE TO WELLNESS

TIERADNA LOW DOG, MD
1:30-4:30 P.M.

STAR SALUTE 6:00-8:00 P.M.

Lois Banta

10 TOP MANAGEMENT TOOLS FOR A SUCCESSFUL PRACTICE

ALL

9:00 a.m.-12:00 p.m.

\$20 Early Bird | \$30 After Aug. 26

Course #T26

CE Hours: 3 nontechnical

AGD Subject Code: 550

Presented in part with an educational grant from CareCredit. 

Learning Objectives

- Identify key systems for a successful practice.
- Learn how to hire and train for great teams.
- Become familiar with choreographing, scheduling and collections for ultimate success.
- Learn key strategies to grow your practice forward.
- Develop effective communication skills to assist patients in making informed decisions.
- Incorporate beyond the practice skills...leadership, continuing education.

Lois Banta

HIGH IMPACT COMMUNICATION

ALL

2:00-5:00 p.m.

\$20 Early Bird | \$30 After Aug. 26

Course #T46

CE Hours: 3 nontechnical

AGD Subject Code: 550

Presented in part with an educational grant from CareCredit. 

Learning Objectives

- Implement effective communication guidelines for scheduling and reducing open time.
- Explore financial arrangements.
- How to communicate when you collect from patients and insurance companies.
- Review treatment plans, diagnoses, etc.
- Learn to handle objections.
- How to manage handoffs from clinical staff to administrative staff and vice versa.
- Turn patient needs into wants at key communication moments.

Kirk Behrendt

MOTIVATE YOUR TEAM!
THE RECIPE FOR A BOOMING PRACTICE

ALL

1:30-4:30 p.m.

\$20 Early Bird | \$30 After Aug. 26

Course #T38

CE Hours: 3 nontechnical

AGD Subject Code: 550

Learning Objectives

- Explore the 5 key components of what “extremely productive” teams look like and how to make it happen.
- Identify the 3 steps to engage team members at a higher level and motivate them in a way that you could never imagine.
- Discover how to get rid of “energy suckers” and create an environment of “energy givers” for the rest of your career.

Eric Blasingame, DDS, MS

SOFT TISSUE MANAGEMENT AROUND IMPLANTS

D,A,H,T

9:00 a.m.-12:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T27

CE Hours: 3 technical and/or scientific

AGD Subject Code: 690

Learning Objectives

- Gain knowledge about the biology of tissue grafting around teeth and implants.
- Review scenarios for immediate implants as it relates to soft tissue.
- Explore soft tissue modifications for long-term health around implants.

Eric Blasingame, DDS, MS

**IMPLANT MAINTENANCE BEGINS
AT IMPLANT PLACEMENT**

D,A,H,T

2:00-5:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T47

CE Hours: 3 technical and/or scientific

AGD Subject Code: 690/693

Learning Objectives

- Explore ways to set up patients for success with their implants.
- Become familiar with proper implant maintenance.
- Discover how to screen implant patients.
- Learn about treating peri-implantitis.
- Understand systemic health issues with implant patients.

Marco Brindis, DDS

**MATERIAL SELECTION FOR THE EVERYDAY IMPLANT
DENTIST: WHAT, WHEN AND HOW, WHERE WE ARE
AND WHERE WE ARE GOING**

D,A,H,T

9:00 a.m.-12:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T28

CE Hours: 3 technical and/or scientific

AGD Subject Code: 690/698

Learning Objectives

- Understand the different ceramic options.
- Review the differences between families of ceramics.
- Gain knowledge of indications, contraindications and limitations of the different ceramics based on mechanical and optical properties.
- Discover the different bonding techniques for the specific ceramic material.
- Understand indications, contraindications and limitation of the different materials for implant abutments.

Marco Brindis, DDS

**A NEW GENERATION OF HYBRID PROSTHESIS:
AN EFFECTIVE VIABLE HYGIENIC SOLUTION FOR THE
EDENTULOUS PATIENT**

D,A,H,T

2:00-5:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T48

CE Hours: 3 technical and/or scientific

AGD Subject Code: 690/695

Learning Objectives

- Recognize the need for a new generation of hybrid dentures that fills the need for a long-lasting and more hygienic prosthesis for edentulous patients.
- Understand the rationale for why edentulous patients need a more affordable prosthetic solution.
- Learn how to explain and describe the techniques for converting an existing denture into a Conus prosthesis.
- Become familiar with the versatility and practicability of a system that utilizes different techniques that extend the longevity and maintainability of this unique prosthesis.
- Understand the importance of utilizing immediate loading with this unique prosthesis.

Alan Budenz, MS, DDS, MBA

**IT'S ALIVE! A CLINICAL ANATOMY REVIEW
FOR THE DENTAL TEAM**

ALL

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T11

CE Hours: 3 technical and/or scientific

AGD Subject Code: 012

Learning Objectives

- Become familiar with a renewed appreciation and understanding of the anatomy of the head and neck regions.
- Learn how to discuss basic anatomical relationships and landmarks which are key to accurate examination and evaluation of dental patients.
- Obtain an improved knowledge foundation for understanding clinical problems such as spread of dental infections, temporomandibular disorders and sleep apnea.
- Understand how to manage and treat patients with anatomical variations, clinical abnormalities and dental complications.

Alan Budenz, MS, DDS, MBA

WAIT! I STILL FEEL THAT! PROBLEM SOLVING THE DELIVERY OF LOCAL ANESTHESIA

D,A

1:00-4:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T31

CE Hours: 3 technical and/or scientific

AGD Subject Code: 132

Learning Objectives

- Explore the anatomy and landmarks commonly used for a variety of local anesthesia block and infiltration injections of the mandible and maxilla.
- Review the advantages and disadvantages of each of the possible techniques that could be used in any given situation.
- Contrast the appropriate uses of mandibular and maxillary quadrant anesthesia techniques.
- Understand a rational protocol for troubleshooting and solving difficulties in achieving profound local anesthesia.
- Gain knowledge of the best secondary injection techniques and agents to anesthetize infected teeth.
- Understand methods to decrease the risk of injection-related complications, such as hematoma or paresthesia

John Burgess, DDS, MS

THE ADHESIVE RESTORATION - UPDATE 2019 PART I

D,A,H,T

8:30-11:30 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T19

CE Hours: 3 technical and/or scientific

AGD Subject Code: 017

Learning Objectives

- Review six critical steps to produce no sensitivity in adhesive restorations.
- Are universal adhesives really universal. One may be but why?
- Learn how to use the newest resin modified glass ionomer materials.
- Become familiar with which ion releasing materials are effective and how to place them to increase clinical success.
- Explore how to stop caries effectively with these bioactive materials.

John Burgess, DDS, MS

CERAMIC AND CEMENTS – WHAT GOES WHERE AND WHEN? PART II

D,A,H,T

1:30-4:30 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T39

CE Hours: 3 technical and/or scientific

AGD Subject Code: 017

Learning Objectives

- Learn how to select ceramic for each clinical situation.
- Determine how to bond or cement each ceramic for maximum retention.
- Explore which resin cements are easiest to use and why.
- Understand why chairside effective sintering of zirconia is a reality.
- Understand how to never under reduce a preparation again.

**FOR THE OPTIMUM CONFERENCE EXPERIENCE,
DOWNLOAD THE 2019 SOUTHWEST DENTAL CONFERENCE APP!**

- See your personalized daily schedule with courses and room numbers.
- Receive alerts during the Conference.
- Find Exhibitors, add them to your itinerary and view their show specials.
- Get local information, including transportation and Dallas attractions.
- Look up Conference information, maps, clinicians and courses.
- Download your handouts.
- Redeem your CE credits and have the certificate emailed to you.
- Available pre-conference on iPhone or Android.

ASSISTANT CE EXPRESS

D,A,H

8:30 a.m.-12:30 p.m.

\$50 Early Bird | \$60 After August 26
(includes all four courses)

Course #T01

CE Hours: 4 technical and/or scientific

Aly Sergie, DDS

37 CLINICAL PEARLS A DENTAL ASSISTANT CAN BRING TO THE DENTAL PRACTICE

8:30-9:30 a.m.

AGD Subject Code: 017

Frank Higginbottom, DDS

SO IT'S AN IMPLANT: DO I NEED A TEMPORARY?

9:30-10:30 a.m.

AGD Subject Code: 690

Jill Wade, DDS

THE ROLE YOU PLAY IN DIAGNOSTIC PATHOGEN TESTING AND DENTAL INFECTIONS

10:30-11:30 a.m.

AGD Subject Code: 730

John Gannon, DDS

IMPLANT PROSTHETIC COMPONENTS

11:30 a.m.-12:30 p.m.

AGD Subject Code: 690

CE EXPRESS

D,A,H

8:00 a.m.-12:00 p.m.

\$50 Early Bird | \$60 After August 26
(includes all four courses)

Course #T02

CE Hours: 4 technical and/or scientific

Carlos Wiese, DDS

TAKING THE MYSTERY OUT OF TMD TREATMENT

8:00-9:00 a.m.

AGD Subject Code: 180

Antonio Berto, DDS

PAST, PRESENT AND FUTURE OF ENDOODONTICS

9:00-10:00 a.m.

HYGIENE CE EXPRESS

D,A,H

12:30-4:30 p.m.

\$50 Early Bird | \$60 After August 26
(includes all four courses)

Course #T03

CE Hours: 4 technical and/or scientific

Co-sponsored by the
Dallas Dental Hygienists' Association.

Tracy King, BSDH, RDH, MS

INFECTION CONTROL UPDATE

12:30-1:30 p.m.

AGD Subject Code: 148

Terri Patrick, RDH, MS, CHES

TONGUE BONE CONNECTED TO THE TOE BONE

1:30-2:30 p.m.

AGD Subject Code: 730

Leigh Ann Wyatt, RDH, MA, MS

ABOUT FACE: MAXIMIZING ULTRASONIC SCALERS FOR PERIODONTAL DEBRIDEMENT

2:30-3:30 p.m.

AGD Subject Code: 495

Eduardo Tanur, DDS, MS, MBA

BIOLOGIC WIDTH AND ITS IMPORTANCE IN PERIODONTAL AND RESTORATIVE DENTISTRY

3:30-4:30 p.m.

AGD Subject Code: 490

NUTRITION, LIFESTYLE AND PERIO: REAL WORLD STRATEGIES TO REDUCE INFLAMMATION

D,A,H

2:00-5:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T49

CE Hours: 3 technical and/or scientific

AGD Subject Code: 495/150

Learning Objectives

- Understand the inflammatory link between oral and overall health.
- Learn a priority patient approach aimed at identifying patients with an elevated host response.
- Understand the role that nutrition can play in reducing inflammation.
- Learn what evidence-based lifestyle recommendations you should be making.
- Develop a dietary plan that minimizes inflammation - what you and your patients should be eating!
- Develop a plan for communicating about lifestyle changes with your patients.

Larry Emmott, DDS

THE HIGH TECH PAPERLESS OFFICE

ALL

8:30-11:30 a.m.

\$20 Early Bird | \$30 After Aug. 26

Course #T20

CE Hours: 3 nontechnical

AGD Subject Code: 561/562

Learning Objectives

- Improve record keeping with digital technology.
- Understand how digital technology works across platforms.
- Learn how to reduce costs making care more accessible.
- Establish how to keep patient records safe, secure and up to date.
- Learn how to handle forms and signatures.

Larry Emmott, DDS

GOOGLE JUICE FOR DENTISTS —
USING THE INTERNET EFFECTIVELY

ALL

1:30-4:30 p.m.

\$20 Early Bird | \$30 After Aug. 26

Course #T40

CE Hours: 3 nontechnical

AGD Subject Code: 561/562

Learning Objectives

- Understand the reasons to have an office web page.
- How to protect your online reputation.
- Utilize the Internet to support existing patients.
- Identify four ways to drive traffic to your web page.

Gregory False, DDS

DIFFICULT DENTURE PATIENTS: REAL WORLD
SOLUTIONS

D,A

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T12

CE Hours: 3 technical and/or scientific

AGD Subject Code: 670

This lecture is a prerequisite for Workshop #T06.

Learning Objectives

- Learn how to ensure exact impression borders.
- Become familiar with a 5-10 minute Occlusal Rim Technique.
- Review how to precisely and repetitively take an accurate bite.
- Review how to decrease patient sore spots and increase patient denture satisfaction.
- Understand how to decrease denture chair time and have more fun with prosthetics.

Gregory False, DDS

DIFFICULT DENTURE PATIENTS WORKSHOP

D,A

1:00-4:00 p.m.

\$145 Early Bird | \$155 After Aug. 26

Course #T06

CE Hours: 3 technical and/or scientific

AGD Subject Code: 670

Course #T12 is a prerequisite for this workshop.

Learning Objectives

- Learn how to ensure exact impression borders.
- Become familiar with a 5-10 minute Occlusal Rim Technique.
- Review how to precisely and repetitively take an accurate bite.
- Understand how to decrease denture chair time and have more fun with prosthetics.

Ellen Gambardella, CDA, RDA, MEd

THE DENTAL AUXILIARY'S RECIPE FOR PATIENT
ACCEPTANCE WORKSHOP

A,H

8:00-11:00 a.m.

\$45 Early Bird | \$55 After Aug. 26

Course #T04

CE Hours: 3 nontechnical

AGD Subject Code: 550

Learning Objectives

- Improve customer service and communication skills.
- Identify verbal and nonverbal cues.
- Discover how to speak the same language as the doctor.

Ellen Gambardella, CDA, RDA, MEd

THE WOW FACTOR... TIPS AND TRICKS EVERY AUXILIARY MUST KNOW!

A,H

1:00-4:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T32

CE Hours: 3 technical and/or scientific

AGD Subject Code: 017/148

Learning Objectives

- Discover clinical short-cuts without compromising quality.
- Learn techniques that will reduce supply costs.
- Supercharge office productivity and improve communication.
- Learn how to boost dental ingenuity.
- Enhance skills in infection control, impression taking and whitening.

Karen Gregory, RN

LEADING YOUR PRACTICE TO INFECTION CONTROL EXCELLENCE

ALL

8:30-11:30 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T21

CE Hours: 3 technical and/or scientific

AGD Subject Code: 148

Presented in part with an

educational grant from Hu-Friedy. How the best perform

Learning Objectives

- Describe the role of dentist in establishing a culture of safety.
- Recall 3 different risks inherent to any dental procedure.
- Identify 4 elements of a strong worker and patient infection prevention program.

Karen Gregory, RN

OSHA IS HERE! NO NEED TO FEAR

ALL

1:30-4:30 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T41

CE Hours: 3 technical and/or scientific

AGD Subject Code: 148

Presented in part with an

educational grant from Hu-Friedy. How the best perform

Learning Objectives

- Become familiar with three measures to prevent exposure to bloodborne pathogens.
- Recognize required label elements on a hazardous chemical container.
- Review the correct response to an OSHA inspection.

Henry Gremillion, DDS

TEMPOROMANDIBULAR DISORDERS: CLARIFYING THE ISSUES

D,A,H

8:30-11:30 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T22

CE Hours: 3 technical and/or scientific

AGD Subject Code: 182

Learning Objectives

- Review the rationale for a thorough history and examination.
- Become familiar with current concepts of pain referral in the head and neck.
- Explore diagnostic criteria for commonly occurring TMD subgroups.
- Review etiologic considerations essential for case-specific management.
- Understand reversible approaches to management in the vast majority of cases.
- Learn the development of a “case-specific” plan of care for each patient.
- Evaluate the concept of multidisciplinary management of TMD.

Henry Gremillion, DDS

CONSIDERATIONS OF TEMPOROMANDIBULAR DISORDERS IN CHILDREN AND ADOLESCENTS

D,A,H

1:30-4:30 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T42

CE Hours: 3 technical and/or scientific

AGD Subject Code: 182

Learning Objectives

- Learn how to identify those pain disorders that will likely respond to your therapy from those that will not.
- Understand when to engage in treatment and when to monitor over time.
- Discover the appropriate use of occlusal appliance therapy.
- Become familiar with differential diagnosis of headaches in children.
- Review potential causes of sleep-related bruxism.

Bekir Karabucak, DMD, MS

ANATOMICALLY DRIVEN ENDOODONTICS PART I

D,A

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T13

CE Hours: 3 technical and/or scientific

AGD Subject Code: 070

Presented in part with an
educational grant from Brasseler USA.

Learning Objectives

- Learn how to comprehend the scientifically based biologic requirements for endodontic success.
- Become familiar with the limitations of files that create a round shape.
- Understand the latest generation of instruments that allows us to clinically obtain the essential biologic goals for success.
- Review the limitations of traditional obturation materials and techniques.
- Recognize the advantages of bioceramic materials.
- Recognize the advantages of cold hydraulic obturation using bioceramic sealers.

Bekir Karabucak, DMD, MS**ANATOMICALLY DRIVEN ENDOODONTICS PART II**

D,A

1:00-4:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T33

CE Hours: 3 technical and/or scientific

AGD Subject Code: 070

Presented in part with an educational grant from Brasseler USA.

**Learning Objectives**

- Learn how to comprehend the scientifically based biologic requirements for endodontic success.
- Become familiar with the limitations of files that create a round shape.
- Understand the latest generation of instruments that allows us to clinically obtain the essential biologic goals for success.
- Review the limitations of traditional obturation materials and techniques.
- Recognize the advantages of bioceramic materials.
- Recognize the advantages of cold hydraulic obturation using bioceramic sealers.

Tieraona Low Dog, MD**OPTIMIZING NUTRITION FOR ORAL HEALTH AND BEYOND**

ALL

8:30-11:30 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T24

CE Hours: 3 technical and/or scientific

AGD Subject Code: 150

Learning Objectives

- Understand the role of macronutrients in health and chronic disease.
- Understand glycemic index and glycemic load and how poor glycemic control exacerbates periodontal disease.
- Review the role of chronic inflammation and adverse health outcomes and the relationship between cardiovascular and periodontal disease.
- Become familiar with the dietary inflammatory index and how to use it in the health setting.
- Gain knowledge on how to counsel patients about sugar and sugar substitutes.
- Recognize the signs and symptoms of celiac disease and understand difference between celiac, wheat allergy and gluten sensitivity to better counsel dental patients.

Tieraona Low Dog, MD**WOMEN'S HEALTH: A WOMAN'S GUIDE TO WELLNESS**

ALL

1:30-4:30 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T44

CE Hours: 3 technical and/or scientific

AGD Subject Code: 150

Learning Objectives

- Identify three lifestyle interventions that can reduce the risk of chronic disease.
- Review the evidence of safety and benefit for three dietary supplements used to reduce the symptoms of PMS and menopause.
- Discover the evidence for three dietary interventions for weight loss and prevention of heart disease and diabetes.
- Identify the evidence of safety and benefit for hormonal therapies.

Robert Margeas, DDS**PRACTICAL TIPS AND TRICKS FOR THE EVERYDAY DENTIST**

D,A,H,T

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T14

CE Hours: 3 technical and/or scientific

AGD Subject Code: 250

Learning Objectives

- Become familiar with creating surface texturing that can rival porcelain with composite resin.
- Understand the invisible class 4.
- Review preparation design for veneers.

Robert Margeas, DDS

RESTORATIVE DENTISTRY FOR THE GENERAL PRACTITIONER

D,A,H,T

1:00-4:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T34

CE Hours: 3 technical and/or scientific

AGD Subject Code: 250/610

Learning Objectives

- Understand the etiologies of wear.
- Learn how to fabricate composite overlays.
- Learn how to reline a natural tooth for immediate provisionalization following implant placement.

William Martin, DMD, MS

PREVENTION AND MANAGEMENT OF COMMON PROSTHETIC COMPLICATIONS IN THE IMPLANT PRACTICE

D,A,H,T

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T15

CE Hours: 3 technical and/or scientific

AGD Subject Code: 610/690

Learning Objectives

- Understand clinical compromises that arise from improper implant placement and explore techniques to address them.
- Be able to determine prosthetic space requirements for implant restorations.
- Understand the drawbacks to cemented restorations and understand the proper utilization and design of custom abutments.
- Learn to manage abutment screw fracture and loosening.
- Review techniques to manage worn Locator® abutments.

William Martin, DMD, MS

INCORPORATING THE DIGITAL WORKFLOW INTO THE PLANNING AND PLACEMENT OF DENTAL IMPLANTS

D,A,H,T

1:00-4:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T35

CE Hours: 3 technical and/or scientific

AGD Subject Code: 690/704

Learning Objectives

- Become familiar with how to incorporate the digital workflow in planning for implant reconstruction and how this can increase case acceptance.
- Understand the steps in creating a digital treatment plan based upon a restorative-driven approach.
- Become familiar with positioning implants using digital planning and template fabrication based on a comprehensive restorative plan.
- Review the advantages of additive manufacturing in preparing for guided surgery.
- Become familiar with the steps in a fully-guided approach in the placement of dental implants.

Thomas McDonald, DMD

STAGING COMPLEX ESTHETIC-RESTORATIVE CASES

D,A,H,T

9:00 a.m.-12:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T29

CE Hours: 3 technical and/or scientific

AGD Subject Code: 250

Learning Objectives

- Learn the essential components of a comprehensive examination.
- Observe techniques to achieve a stable, repeatable starting point for the occlusion.
- Learn how to sequence a complex case in the proper order.
- Understand the importance of segmental restoration for clinical predictability and patient acceptance.

Thomas McDonald, DMD

OCCCLUSION AND ESTHETICS WORKSHOP

D,A,H,T

2:00-5:00 p.m.

\$145* Early Bird | \$155* After Aug. 26

Course #T10

CE Hours: 3 technical and/or scientific

AGD Subject Code: 250

Learning Objectives

- Identify multiple techniques for accurate occlusal records.
- Become familiar with esthetic facebow records.
- Review essential articulator techniques for cast mounting.
- Recognize instruments and techniques for diagnostic waxing.

Attendees must bring diagnostic casts of their own teeth.

Kimberly Miller, RDH, BSDH

ARE YOU HOT OR NOT? UNDERSTANDING INFLAMMATORY BURDEN

ALL

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T16

CE Hours: 3 technical and/or scientific

AGD Subject Code: 490

Learning Objectives

- Understand inflammatory mediation and the slippery slope of disease.
- Gain knowledge to help your patients realize the importance of bleeding gums and overall health.
- Refine your periodontal diagnostic skills and treatment planning for disease remission.
- Learn the specifics of epigenetics and how to modify your genetic expression.

Kimberly Miller, RDH, BSDH

POWER UP HYGIENE! UTILIZE TECHNOLOGY TO IMPROVE CLINICAL OUTCOMES AND ENERGIZE YOUR CAREER WORKSHOP

H

1:00-4:00 p.m.

\$145* Early Bird | \$155* After Aug. 26

Course #T07

CE Hours: 3 technical and/or scientific

AGD Subject Code: 495

Learning Objectives

- Learn the power of ultrasonic technology with a variety of tips/inserts with denta-form exercises.
- Discover the educational power of intra oral camera visualization in your own mouth using three different modes, daylight, perio and cario.
- Gain an understanding of biofilm control using sub-gingival air polishing.

Attendee should bring loupes (if desired).

Pamela Moore, DDS

NITROUS OXIDE MONITORING/CERTIFICATION FOR AUXILIARIES

A,H

8:00 a.m.-12:00 p.m. and
1:00-5:00 p.m. (all day)

\$155* Early Bird | \$165* After Aug. 26

Course #T05

CE Hours: 8 technical and/or scientific

AGD Subject Code: 163

DEADLINE FOR REGISTERING FOR THIS COURSE IS
SEPTEMBER 10, 2019.

CE requirements differ from state to state; check with
your state for specific requirements.

Learning Objectives

- Learn the history and pharmacology of nitrous oxide.
- Review anatomy and physiology.
- Understand the stages of anesthesia/sedation.
- Gain knowledge of patient monitoring and managing potential complications.
- Learn about safety for staff and patient.
- Identify infection control and legal considerations.

Attendees are required to download, print and bring the study guide to this workshop. Study guides will not be provided on-site. Attendees must bring their state ID card or driver's license, a highlighter and two (2) #2 sharpened pencils. Upon completion of this course the attendee will be administered the required exam.

A valid email address is mandatory. Attendees will be contacted for additional REQUIRED information and notified when the study guide is available for download.

Anders Nattestad, DDS, PhD

ORAL SURGERY FOR GENERAL PRACTITIONERS

D,A,H

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T17

CE Hours: 3 technical and/or scientific

AGD Subject Code: 310

Learning Objectives

- Learn better case selection skills when choosing to do an oral surgery procedure.
- Expand your skill set when it comes to oral surgery procedures.
- Learn how to better manage problems with oral surgery cases.
- Understanding of medically complex patients.
- Learn how to evaluate if an impacted third molar is easy, moderate or hard.

Anders Nattestad, DDS, PhD

ORAL SURGERY FOR GENERAL PRACTITIONERS WORKSHOP

D

1:00-4:00 p.m.

\$195* Early Bird | \$205* After Aug. 26

Course #T08

CE Hours: 3 technical and/or scientific

AGD Subject Code: 310

Learning Objectives

- Learn improved techniques for removing teeth while preserving bone.
- Identify and manage extraction sockets to improve the site for later implant placement.
- Learn how to preserve the ridge after extraction with a thin or missing buccal plate.
- Learn how to do a straightforward horizontal ridge augmentation.

Attendee should bring loupes (if desired).

Uche Odiatu, DMD

EXERCISE IS MEDICINE: POSTURE PERFECT!

ALL

1:00-4:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T36

CE Hours: 3 technical and/or scientific

AGD Subject Code: 012/770

Learning Objectives

- Review the foundational components of a time efficient complete exercise program for the busiest dental professional.
- Recognize office practices for optimal health: operator chairs, loupes, cables, standing desks, natural lighting and more.
- Incorporate the latest on interval training, resistance exercise and how to develop the MINDSET of a “fit dental professional”.
- Gain knowledge into the four types of exercises you need to keep your body functioning ergonomically.

Shannon Pace Brinker, CDA

FROM OUR SIDE OF THE CHAIR WORKSHOP

D,A

1:30-4:30 p.m.

\$125 Early Bird | \$135 After Aug. 26

Course #T09

CE Hours: 3 technical and/or scientific

AGD Subject Code: 138/165/551

Learning Objectives

- Learn how to conduct a new patient consultation and case presentation.
- Utilize scanning technology to wow the patient in a consultation.
- Understand dental digital photography.
- Review digital scanning and laboratory communication.

Attendee should bring loupes (if desired).

Jacqueline Plemons, DDS, MS

ORAL ALLERGIES AND CONTACT REACTIONS - WHAT YOU'RE ITCHING TO KNOW

D,A,H

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T18

CE Hours: 3 technical and/or scientific

AGD Subject Code: 730

Learning Objectives

- Recognize the clinical manifestations of oral allergies and contact reactions.
- Identify the most common allergens associated with oral hypersensitivity reactions.
- Develop treatment protocols to manage patients with oral contact reactions.
- Recognize the potential long-term effects of oral hypersensitivity reactions.

Jacqueline Plemons, DDS, MS

THE OPIOID EPIDEMIC - WHEN PRESCRIPTIONS BECOME A PROBLEM

D,A,H

1:00-4:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T37

CE Hours: 3 technical and/or scientific

AGD Subject Code: 016

Learning Objectives

- Review the nature and magnitude of the opioid epidemic in the United States.
- Learn how prescription drug abuse contributes to the opioid epidemic.
- Understand prescribing patterns of dentists and resistance to change.
- Review evidence-based multimodal therapy to manage pain following dental surgery.
- How prescription monitoring programs work.

This course will meet the requirement for the TSBDE.

Amber Riley, RDH, MS

SYSTEMIC CYCLONES, THE BIOLOGY OF DISEASE AND WELLNESS

ALL

9:00 a.m.-12:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T30

CE Hours: 3 technical and/or scientific

AGD Subject Code: 730

Learning Objectives

- Review current understanding of the histology of inflammation.
- Identify the general physiology and cellular responses of a normal and abnormal inflammatory response.
- Contrast the differences between acute and chronic inflammation and their associated manifestations and complications.
- Learn how to provide a broader health education to your dental patients with confidence and motivation. Increase treatment plan acceptance by joining your patient's current and past medical health history with their oral and periodontal disease.

Amber Riley, RDH, MS

BEYOND THE TAG AND BAG, FORENSIC DENTISTRY BEYOND THE MORGUE WALLS

ALL

2:00-5:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T50

CE Hours: 3 technical and/or scientific

AGD Subject Code: 145

Learning Objectives

- Understand the appreciation of accurate and well-maintained dental records for multiple applications to matters of law.
- Develop a greater understanding of the efforts of county, state and national systems for the management of Missing and Unidentified Persons.
- Develop a greater understanding of the management and jurisdictions of multiple fatality incidents.
- Recognize the less obvious indications of violence and abuse: children, adult, elder and intimate partner cases will be discussed.

Robert Talley, DDS

INTERRELATIONSHIPS BETWEEN TMJ DISORDERS AND SLEEP DISORDERS

D,A,H

8:30 - 11:30 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T25

CE Hours: 3 technical and/or scientific

AGD Subject Code: 160/182

Learning Objectives

- Understand the evaluation necessary to determine the presence of clinical signs and symptoms of TMD and craniofacial pain.
- Understand the evaluative and diagnostic tools required for the sleep-disordered breathing patient for screening of TMD and craniofacial pain.
- Provide an understanding of the interrelationship between TMD, craniofacial pain and sleep disorders.

Robert Talley, DDS

CRANIOFACIAL DENTAL SLEEP MEDICINE FOR THE CLINICAL DENTIST

D,A,H

1:30 - 4:30 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T45

CE Hours: 3 technical and/or scientific

AGD Subject Code: 160

Learning Objectives

- Provide an understanding of anatomy, physiology and pathophysiology of the temporomandibular joint and its associated structures.
- Understand the evaluative and diagnostic protocols for TMD and craniofacial pain.
- Become familiar with the inter-relationship of sleep disordered breathing, TMD and craniofacial pain.
- Gain knowledge of the dental management of sleep disordered breathing.

John Wright, Jr., DDS, MS

A PRACTICAL APPROACH TO INCORPORATING ORAL PATHOLOGY INTO CLINICAL PRACTICE AND PATIENT CARE

D,A,H

8:30-11:30 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T23

CE Hours: 3 technical and/or scientific

AGD Subject Code: 730

LEARNING OBJECTIVES

- Recognize pathologic alterations from normal in the oral soft tissues and bone.
- Develop a differential diagnosis for the variety of pathologic conditions seen clinically.
- Recognize the red flags of clinical change that might suggest more serious or even life threatening conditions.

John Wright, Jr., DDS, MS

AN UPDATE OF ORAL CANCER/PRE-CANCER AND THE EVOLVING ROLE OF HPV AS AN ETIOLOGIC FACTOR

ALL

1:30-4:30 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #T43

CE Hours: 3 technical and/or scientific

AGD Subject Code: 730

LEARNING OBJECTIVES

- Understand the new biologic factors responsible for oral cancer.
- Recognize the clinical features of oral cancer and precancerous lesions.
- Understand the evolving role of HPV as an etiologic factor for oral cancer.
- Appreciate the strengths and weaknesses of some of the diagnostic adjuncts available for evaluating cancerous and precancerous oral lesions.

FRIDAY OCTOBER 11

MINIMALLY INVASIVE SOFT TISSUE GRAFTING

EDWARD ALLEN, DDS, PHD
8:00-11:00 A.M.

BEING ALL THAT WE CAN BE: CHANGING PERSPECTIVE TO CHANGE REALITY

KIRK BEHRENDT
8:30-11:30 A.M.

EQUIPMENT MAINTENANCE AND REPAIR WORKSHOP

FACILITATED BY BURKHART DENTAL
9:00-11:00 A.M. REPEATING 1:00-3:00 P.M.

DO YOUR PATIENTS HAVE THE GUTS TO ENJOY ORAL HEALTH?

UCHE ODIATU, DMD
9:00 A.M.-12:00 P.M.

INTEGRATIVE MEDICINE FOR DENTISTRY: PROVIDER AND PATIENT OPTIMIZATION

ROBERT MCNEILL, DDS, MD
1:00-4:00 P.M.

CONTEMPORARY DENTAL PHARMACOLOGY: DISRUPTIVE SCIENTIFIC EVIDENCE IN LOCAL ANESTHESIA, ANALGESIA AND ANTIBIOTIC THERAPY/PROPHYLAXIS

ARTHUR JESKE, DDS, PHD
1:30-4:30 P.M.

Edward Allen, DDS, PhD

MINIMALLY INVASIVE SOFT TISSUE GRAFTING

D,A,H,T

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F13

CE Hours: 3 technical and/or scientific

AGD Subject Code: 490/492

Learning Objectives

- Understand the differences between conventional grafting procedures and the tunnel technique with AlloDerm.
- Determine when to graft and when to restore cervical lesions.
- Identify the indications for use of an allograft in the tunnel technique for soft tissue grafting at implant sites.

Edward Allen, DDS, PhD

SOFT TISSUE SURGERY IN ESTHETIC DENTISTRY

D,A,H,T

1:00-4:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F34

CE Hours: 3 technical and/or scientific

AGD Subject Code: 490/492

Learning Objectives

- Explore the appropriate age for esthetic crown lengthening surgery.
- Understand the limitations of “flapless” osseous surgery for crown lengthening.
- Review the indications for grafting or restoring cervical lesions.

Lois Banta

PLAYING THE INSURANCE, COLLECTIONS AND ACCOUNTS RECEIVABLES GAME...YOUR WAY!

ALL

8:30 a.m.-11:30 a.m.

\$20 Early Bird | \$30 After Aug. 26

Course #F22

CE Hours: 3 nontechnical

AGD Subject Code: 554

Presented in part with an

educational grant from CareCredit. 

Learning Objectives

- Gain communication skills.
- Identify insurance and financial guidelines.
- Obtain narratives and other secrets.
- Learn about producing the reports.
- Understand tracking claims and accounts receivable.
- Implement creative financing.

Kirk Behrendt

BEING ALL THAT WE CAN BE: CHANGING PERSPECTIVE TO CHANGE REALITY

ALL

8:30-11:30 a.m.

\$20 Early Bird | \$30 After Aug. 26

Course #F23

CE Hours: 3 nontechnical

AGD Subject Code: 550

Learning Objectives

- Review the elements that make a successful practice and promote continual growth.
- Incorporate the “stage” of great performance and how to set your practice up to succeed.
- Learn how to authentically inspire your team to stay “fully engaged” with patients.
- Learn how to produce more as a team and “let go” to grow.
- Discover the secrets of coaching your team to an inspired and winning season every year.

Kirk Behrendt

TOP TEN SECRETS TO MAKE YOUR PRACTICE THRIVE

ALL

1:30-4:30 p.m.

\$20 Early Bird | \$30 After Aug. 26

Course #F40

CE Hours: 3 nontechnical

AGD Subject Code: 550

Learning Objectives

- How to demystify the elements that make a successful practice and promote continual growth.
- Implement 9 steps to create more significant and POWER-full relationships with patients.
- Learn the 5 ways to significantly reduce cancellations in your schedule.
- Learn how great practices are keeping case acceptance high in this economy.
- Re-engineer your workday and thinking to get more out of LIFE.

Alan Budenz, MS, DDS, MBA

NUMB, NUMB-ER, NUMB-EST: THE PHARMACOLOGY OF LOCAL ANESTHESIA

D,A,H

8:30-11:30 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F24

CE Hours: 3 technical and/or scientific

AGD Subject Code: 132

Learning Objectives

- Review the mechanisms and clinical importance of local anesthetic uptake and binding.
- Become familiar with advantages and disadvantages for use of the available local anesthetic agents with and without vasoconstrictor additives.
- Gain knowledge of potential adverse reactions to local anesthetics, such as syncope, allergy and toxicity, and how to minimize the risk of adverse reactions.
- Understanding the pharmacology of available local anesthetic agents, including their advantages, disadvantages and safety profiles.
- Assess and manage complications that may occur in the delivery of local anesthesia and be better able to avoid them when possible.

Chris Campbell, DMD

PHOTOGRAPHY IN DENTISTRY...HOW MUCH A PICTURE IS TRULY WORTH

D,A,H,T

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F14

CE Hours: 3 technical and/or scientific

AGD Subject Code: 138

Learning Objectives

- Understanding camera selection and settings.
- Become familiar with what constitutes a standard series of photos to assist in treatment planning.
- Incorporate photography for shade selection, material selection, medico-legal, etc.
- Learn patient and assistant positioning for optimal photographs.
- Review basic concepts for storing and editing photos.

Chris Campbell, DMD

PHOTOGRAPHY IN DENTISTRY WORKSHOP

D,A,H,T

1:00-4:00 p.m.

\$145* Early Bird | \$155* After Aug. 26

Course #F08

CE Hours: 3 technical and/or scientific

AGD Subject Code: 138

Learning Objectives

- Understand how to set, hold and operate a SLR camera.
- Observe and practice the acquisition of a standard series of photos.
- Learn how to troubleshoot what can go wrong with taking photos.
- Experimenting with patient, team member and photographer positioning for optimum results.
- Learn how to use basic photographic armamentarium as it is intended.

Attendees may bring their personal SLR camera. Loaner cameras will be available.

CE EXPRESS

D,A,H

12:30-4:30 p.m.

\$50 Early Bird | \$60 After August 26
(includes all four courses)

Course #FO2

CE Hours: 4 technical and/or scientific

Kristine Knoll, DDS, MS

TRAUMATIC INJURIES TO THE DENTITION

12:30-1:30 p.m.

AGD Subject Code: 070

Aly Sergie, DDS

DENTAL PHOTOGRAPHY – HOW A FEW MINUTES CAN TRANSFORM YOUR PRACTICE

1:30-2:30 p.m.

AGD Subject Code: 138

Brad Crump, DDS, MS

CURRENT CONCEPTS IN PERIODONTAL DIAGNOSIS AND TREATMENT PLANNING

2:30-3:30 p.m.

AGD Subject Code: 490

Max Finn, DDS, MD

DIGITAL IMPLANT RESTORATION

3:30-4:30 p.m.

AGD Subject Code: 690/695

HYGIENE CE EXPRESS

D,A,H

8:00 a.m. – 12:00 p.m.

\$50 Early Bird | \$60 After August 26
(includes all four courses)

Course #FO1

CE Hours: 4 technical and/or scientific

Co-sponsored by the
Dallas Dental Hygienists' Association.**Jane Cotter, BSDH, MS**

THE HUMAN PAPILLOMA VIRUS AND IMMUNIZATION COUNSELING

8:00-9:00 a.m.

AGD Subject Code: 730

Tammy Fisher, RDH, MS

SCREENING FOR CHILDHOOD OBESITY IN THE DENTAL OFFICE: WHY?

9:00-10:00 a.m.

AGD Subject Code: 750

Melissa Scott, RDH, BSDH

SEALED WITH SUCCESS: AN UPDATED APPROACH TO DENTAL SEALANTS

10:00-11:00 a.m.

AGD Subject Code: 017

Ruben Ovadia, DDS, MS

GINGIVAL RECESSON, CLINICAL CONSIDERATIONS AND TREATMENT

11:00 a.m.-12:00 p.m.

AGD Subject Code: 750

Timothy Donley, DDS, MSD

**HOW TO KEEP YOUR IMPLANTS OFF THE FAILURE LIST:
THE LATEST IN PREVENTION**

D,A,H

8:30 - 11:30 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F25

CE Hours: 3 technical and/or scientific

AGD Subject Code: 490/690

Learning Objectives

- Understand the differences between periodontal and peri-implant diseases.
- Learn the most common causes of early implant failure and how to avoid them.
- Develop an implant exam designed to increase the chances of success.
- Learn the ideal protocol for debriding and maintaining titanium.
- Develop an implant maintenance protocol to insure implant health.
- Learn how to successfully treat peri-implant mucositis.

Timothy Donley, DDS, MSD

**TURNING YOUR HYGIENE VISITS INTO WELLNESS
VISITS: WHAT YOU NEED TO KNOW**

D,A,H

1:30 - 4:30 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F41

CE Hours: 3 technical and/or scientific

AGD Subject Code: 490/730

Learning Objectives

- Understand the role inflammation plays in oral and systemic health.
- Learn how to effectively deliver a new message intended to educate and motivate patients.
- Implement a priority patient approach focused on identifying patients in whom inflammation reduction is critical.
- Develop a wellness examination protocol - how to screen for the wellness factors that affect oral and systemic health.
- Learn how to communicate with medicine and co-manage the patients we have in common.
- Develop an inflammation-reduction therapy protocol - from debridement to home care, to host modulation and nutrition... what we should be doing differently.
- Learn how to use the oral-systemic link as a practice builder.

EQUIPMENT MAINTENANCE AND REPAIR WORKSHOP

ALL

9:00 - 11:00 a.m. repeating 1:00 - 3:00 p.m.

\$50 Early Bird | \$60 After Aug. 26

AM Course # F06

PM Course # F11

CE Hours: 2 nontechnical

AGD Subject Code: 550

Co-sponsored and facilitated by
Burkhart Dental Supply.

Learning Objectives

- Increase the lifespan for your dental equipment investments, by learning preventative maintenance requirements and processes.
- Learn how to save on repair costs by making basic equipment repairs, such as, replacing o-rings, syringe buttons and more.
- Understand how to make simple equipment adjustments to improve the use of equipment.

David Felton, DDS, MS
TREATMENT OF PARTIAL EDENTULISM — WHEN TO SAVE TEETH, WHEN TO EXTRACT TEETH AND WHEN TO CONSIDER THE REMOVABLE PARTIAL DENTURE

D,A,H

8:30-11:30 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F26

CE Hours: 3 technical and/or scientific

AGD Subject Code: 670

Learning Objectives

- Recognize when teeth can be salvaged, or when they need to be removed and replaced.
- Understand the published longevity data for various therapies - endodontics, dental implants, fixed and removable prostheses.
- Learn about the components for RPDs and how to properly prescribe them for your patients.
- Review the risks and benefits of the various therapies discussed.

David Felton, DDS, MS
COMPLETE DENTURE THERAPY OR TOOTH AND DENTAL IMPLANT OVERDENTURES - WHAT'S BEST FOR YOUR PATIENT?

D,A,H

1:30-4:30 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F42

CE Hours: 3 technical and/or scientific

AGD Subject Code: 670

Learning Objectives

- Learn the proper techniques for optimal complete denture therapy.
- Understand how complete dentures are an acceptable therapeutic modality for many patients.
- Learn when to maintain existing teeth for tooth retained overdenture prostheses.
- Become familiar with the biomechanics involved in implant retained overdentures.
- Understand when to use implants and how many are required for successful implant overdenture prostheses.

Gregory Folsie, DDS
GERIATRIC DENTISTRY: LET'S "DOCTOR-UP!"

D,A,H

8:30-11:30 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F27

CE Hours: 3 technical and/or scientific

AGD Subject Code: 752

Learning Objectives

- To safely and effectively treat geriatric patients in the general dental office will be reviewed.
- Identify the "Deadly Five" conditions that stop or delay provision of care for geriatric patients and affect treatment plans.
- Learn how to use new and revisited techniques to treat geriatric patients safely, more efficiently and confidently.
- Become familiar with potentially adverse dental, medical, pharmacological and psychological issues that guide the decision making process.
- Review how to truly be a "Doctor" to a wonderful needy and loving group of patients.

Theresa Gonzales, DMD, MS
COMMON THINGS OCCUR COMMONLY

D,A,H

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F15

CE Hours: 3 technical and/or scientific

AGD Subject Code: 730

Learning Objectives

- Become familiar with how to expand the clinical diagnostic algorithm.
- Implement an evidence-based treatment strategy.
- Learn how to improve clinical outcomes in the management of these conditions.

Theresa Gonzales, DMD, MS

EPITHELIAL PATHOLOGY FROM A TO Z

D,A,H

1:00-4:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F35

CE Hours: 3 technical and/or scientific

AGD Subject Code: 730

Learning Objectives

- Become familiar with expanding your clinical diagnostic algorithm.
- Learn how to correlate oral presentations with systemic possibilities.
- Learn to expand your evidence-based treatment algorithm.

Dennis Hartlieb, DDS

REALITY OR RESIN: FREE-HAND ARTISTRY WITH ANTERIOR BONDING

D,A,H

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F16

CE Hours: 3 technical and/or scientific

AGD Subject Code: 250

Presented in part with an educational grant from Cosmedent.

Learning Objectives

- Become familiar with what materials are critical for creating excellence with anterior free-hand bonding.
- Discover if you are using the proper adhesive for direct anterior bonding.
- Learn how to control the opacity and translucency of a direct resin restoration.
- Review the techniques necessary to blend composite to tooth structure to hide Class IV fractures.
- Review techniques using silicone indexes to ensure ideal incisal edge position for final restorations.
- Identify how to put it all together; the utilization of a systematic approach utilizing Nanofilled composites, Opaquers, Tints and Microfills to create natural, beautiful and predictable anterior direct resin restorations.

Dennis Hartlieb, DDS

COMPOSITE TECHNIQUES FOR PREDICTABILITY AND SUCCESS WITH ANTERIOR FREE-HAND BONDING WORKSHOP

D,A

1:00-4:00 p.m.

\$145* Early Bird | \$155* After Aug. 26

Course #F09

CE Hours: 3 technical and/or scientific

AGD Subject Code: 250/254

Presented in part with an educational grant from Cosmedent.

Learning Objectives

- Become familiar with bevel design and layering techniques to create invisible Class IV restorations.
- Learn how and when to use Opaquers to create naturally appearing restorations.
- Discover the importance of Microfill composites for ultimate esthetics in free-hand bonding.
- Identify how to put it all together; the utilization of a systematic approach utilizing Nanofilled composites, Opaquers, Tints and Microfills to create natural, beautiful and predictable anterior direct resin restorations.

Attendee should bring loupes (if desired).

Carol Jahn, RDH, MS

FROM E-CIGARETTES TO HOOKAHS: CURRENT TRENDS IN TOBACCO AND SMOKING

ALL

8:30-11:30 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F28

CE Hours: 3 technical and/or scientific

AGD Subject Code: 730

Presented in part with an educational grant from Waterpik. 

Learning Objectives

- Review the changes in cigarette and tobacco use over the last decade.
- Evaluate the potential risk of e-cigarette and hookah use.
- Review the detrimental effects of spit tobacco usage.
- Understand the role of dental professionals in tobacco prevention and cessation.
- Understand the oral and systemic health risks from tobacco use.

Carol Jahn, RDH, MS

DENTAL HYGIENISTS ROLE IN RISK BASED PERIODONTAL THERAPY

H

1:30-4:30 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F43

CE Hours: 3 technical and/or scientific

AGD Subject Code: 490/495

Presented in part with an educational grant from Waterpik. 

Learning Objectives

- Understand the role of staging and grading in assessing periodontal therapy.
- Utilize the medical history to personalize care.
- Evaluate the research on periodontal debridement/SRP/periodontal maintenance.
- Review the key factors for the risk, severity and progression of periodontitis.
- Understand appropriate self-care methods.

Arthur Jeske, DDS, PhD

CONTEMPORARY DENTAL PHARMACOLOGY: EVIDENCE-BASED CONSIDERATIONS

D,A,H

8:30-11:30 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F30

CE Hours: 3 technical and/or scientific

AGD Subject Code: 016

Learning Objectives

- Gain knowledge of antibiotics for orofacial infections and the use of antibiotic prophylaxis.
- Review the selection of drugs for pain (opioids vs. NSAIDs and OTC combination therapy).
- Compare clinical features of local anesthetics, including evidence-based algorithms for pulpal anesthesia of the adult dentition.
- Obtain guidance on the management of patients at risk of medication-related osteonecrosis of the jaw.
- Review the use of oral sedative drugs for the management of dental anxiety.
- Review basic emergency for the general dental practice.

Arthur Jeske, DDS, PhD

CONTEMPORARY DENTAL PHARMACOLOGY:
DISRUPTIVE SCIENTIFIC EVIDENCE IN LOCAL
ANESTHESIA, ANALGESIA AND ANTIBIOTIC THERAPY/
PROPHYLAXIS

D,A,H

1:30-4:30 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F44

CE Hours: 3 technical and/or scientific

AGD Subject Code: 016

Learning Objectives

- Review the comparative efficacy of injectable local anesthetics, including new approaches for dentoalveolar surgery.
- Review the comparative efficacy of oral analgesics for the management of acute postoperative pain.
- Evaluate new evidence that prompts reevaluation of antibiotic prophylaxis to prevent infective endocarditis and prosthetic joint infections.

Parag Kachalia, DDS

TECH CHECK - AN OVERVIEW OF NEW TECHNOLOGY
AND MATERIALS CHANGING DENTISTRY

D,A,H

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F17

CE Hours: 3 technical and/or scientific

AGD Subject Code: 017/138/165

Learning Objectives

- Understand the current advantages and disadvantages with respect to CAD/CAM dentistry.
- Understand how to simply incorporate video and photography for enhanced diagnostics and marketing.
- Gain an overview of the best practices of treating patients with today's restorative materials, including bulk fill resins, bioactive restorative material and ceramics.
- Gain knowledge of new diagnostic technology to allow more accurate treatment planning.

Parag Kachalia, DDS

TIPS AND TRICKS TO ELEVATE EVERYDAY RESTORATIVE
DENTISTRY

D,A

1:00-4:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F36

CE Hours: 3 technical and/or scientific

AGD Subject Code: 250

Learning Objectives

- Learn efficient placement of esthetic posterior composites, utilizing innovative matrixing techniques and new age resin materials.
- Understand how to efficiently and conservatively restore an anterior diastema.
- Learn strategies to deal with black triangles.
- Gain knowledge of preparation and laboratory communication techniques that allow for natural looking crown and bridge.

Bekir Karabucak, DMD, MS

Samuel Kratchman, DMD

ANATOMICALLY DRIVEN ENDOODONTICS WORKSHOP

D

8:30-11:30 a.m.

\$145* Early Bird | \$155* After Aug. 26

Course #F04

CE Hours: 3 technical and/or scientific

AGD Subject Code: 070

Learning Objectives

- Understand the shortcomings of traditional files.
- Review how the 3D instruments clean to maximum diameter with conservative dentin removal.
- Understand bioceramic sealer in modern obturation techniques.

Participants are encouraged to bring 2-3 extracted teeth that have been accessed for endo and all canals instrumented to size 10 file by hand. No third molars and do not mount the extracted teeth. Bring teeth in pouch with water.

Presented in part with an educational grant from Brasseler.

Samuel Kratchman, DMD

BIOCERAMICS IN ENDODONTICS AND COMPLICATIONS IN ENDODONTIC MICROSURGERY

D,A

1:30-4:30 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F46

CE Hours: 3 technical and/or scientific

AGD Subject Code: 070

Presented in part with an educational grant from Brasseler.

Learning Objectives

- Understand the properties of the newest generation of bioceramics.
- Learn the proper manipulation of the bioceramic material to seal perforations and for vital pulp therapy and revascularization.
- Understand when to consider surgical retreatment as opposed to conservative retreatment.
- Become familiar with the management of the mental foramen as well as sinus perforations.
- Learn how to trouble shoot difficult endo/perio lesions utilizing guided tissue/bone regeneration.

Samuel Low, DDS, MS, MEd

Karen Davis, RDH, BSDH

SEEING IS BELIEVING: WORKSHOP TO OBLITERATE BIOFILM ON IMPLANTS AND TEETH

D,H

8:30-11:30 a.m. repeating 1:30-4:30 p.m.

\$145 Early Bird | \$155 After Aug. 26

AM Course #F05

PM Course #F12

CE Hours: 3 technical and/or scientific

AGD Subject Code: 495/509

Presented in part with an educational grant from Hu-Friedy.

Learning Objectives

- Compare “biofilm” removal with Air Flow and Piezon technologies.
- Learn the advantages of low-abrasive powders in the prevention and management of peri-implant diseases.
- Appraise the evidence, advantages and ease of implementation for low-abrasive air polishing and Piezon technologies.

Tieraona Low Dog, MD

THE RELATIONSHIP OF ENVIRONMENT AND HUMAN HEALTH

ALL

8:30-11:30 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F31

CE Hours: 3 technical and/or scientific

AGD Subject Code: 770

Learning Objectives

- Understand the strengths and limitations of three scientific tools used to assess environmental toxicity.
- Identify the state of the science for five potential environmental risks to human health.
- Review the four practical steps that patients can take to reduce harmful environmental exposures.
- Identify scientifically based, authoritative resources to learn more about the relationship between environment and human health.

Thomas McDonald, DMD

PROVISIONAL RESTORATIONS FOR TODAY'S RESTORATIVE PRACTICE WORKSHOP

D,A,T

9:00 a.m.-12:00 p.m.

\$175* Early Bird | \$185* After Aug. 26

Course #F07

CE Hours: 3 technical and/or scientific

AGD Subject Code: 250

Learning Objectives

- Learn the rationale for custom provisional restorations.
- Observe how to fabricate a single crown provisional with no adjustment.
- Explore how to fabricate bridges from direct and indirect techniques.
- Become familiar with guaranteed cementation techniques.

Attendee should bring loupes (if desired)

Robert McNeill, DDS, MD

PREVENTION AND MANAGEMENT OF MEDICAL EMERGENCIES IN THE DENTAL OFFICE

ALL

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F18

CE Hours: 3 technical and/or scientific

AGD Subject Code: 142/754

Learning Objectives

- Learn common causes of medical emergencies in the office.
- Discover techniques that you can use to decrease the risks of emergencies in your office.
- Learn how to better manage medically compromised patients in your office.
- Review clinical scenarios involving emergency management and medically compromised patients.
- Gain knowledge of basic emergency management with a sample written emergency plan.

Robert McNeill, DDS, MD

INTEGRATIVE MEDICINE FOR DENTISTRY: PROVIDER AND PATIENT OPTIMIZATION

ALL

1:00-4:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F37

CE Hours: 3 technical and/or scientific

AGD Subject Code: 750/754

Learning Objectives

- Learn how a variety of integrative medicine techniques apply to dentistry.
- Learn to critically evaluate different therapeutic options from a risk, benefits and data standpoint.
- Discover simple optimization techniques to incorporate into your practice and into your life.
- Review patient safety and how to more effectively manage medically compromised patients.
- Observe demonstrations of basic integrative techniques.

Anders Nattestad, DDS, PhD

ORAL SURGERY FOR GENERAL PRACTITIONERS WORKSHOP (REPEAT)

D,A

8:00-11:00 a.m.

\$195* Early Bird | \$205* After Aug. 26

Course #F03

CE Hours: 3 technical and/or scientific

AGD Subject Code: 310

Learning Objectives

- Learn improved techniques for removing teeth while preserving bone.
- Identify and manage extraction sockets to improve the site for later implant placement.
- Learn how to preserve the ridge after extraction with a thin or missing buccal plate.
- Learn how to do a straightforward horizontal ridge augmentation.

Attendee should bring loupes (if desired).

Uche Odiatu, DMD

DO YOUR PATIENTS HAVE THE GUTS TO ENJOY ORAL HEALTH?

ALL

9:00 a.m.-12:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F33

CE Hours: 3 technical and/or scientific

AGD Subject Code: 150/770

Learning Objectives

- Gain insight into the science of the gut microbiome.
- Learn why NEW findings about your patients' gut flora are shaking the very foundation of health care and nutrition.
- Understand why the dental professional is perfectly positioned to help ALL people live more vibrant lives NOW.
- Gain insight into how probiotics might have a place in your chair side conversations when you are prescribing antibiotics.

Uche Odiatu, DMD

50 SHADES OF INFLAMMATION: THE MOUTH, BODY, MIND CONNECTION

ALL

2:00-5:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F47

CE Hours: 3 technical and/or scientific

AGD Subject Code: 150

Learning Objectives

- Learn 10 new eating strategies to douse the flames of inflammation in the mouth and body.
- Understand intermittent fasting, the secret of extra virgin oil, "why organic?" and the power of antioxidants.
- Learn motivational interview techniques to inspire long-term positive change in your patients' health habits.
- Learn how to expand your new patient exam with important lifestyle questions to engage your patients and to support successful treatment outcomes.

John Onorato, CEAS

Shannon Gregson

DENTAL OFFICE DESIGN, ERGONOMICS AND DENTAL TREATMENT ROOM LIGHTING

ALL

8:30-11:30 a.m.

\$20 Early Bird | \$30 After Aug. 26

Course #F32

CE Hours: 3 nontechnical

AGD Subject Code: 553

Presented in part with an educational grant from A-Dec, Inc..

Learning Objectives

- Gain knowledge of office design including proper treatment room architecture and office layout.
- Explore tax consequences, instrument/material management and enhanced productivity.
- Learn how to improve the health of the dental team. An app featuring the angles of access will illustrate sound clinical approaches that enhance the operator's position for the various tooth surfaces.
- Understand proper ambient, task and oral cavity lighting and emphasize the best color temperature and intensity of lighting in the treatment room.

ORTHODONTIC SYMPOSIUM

J.J. Jasper, DDS

"THE LATEST AND BEST IN ORTHODONTIC MECHANISMS" EDGEWISE FINALLY BECOMES INTERMAXILLARY

D,A

8:30-11:30 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F29

CE Hours: 3 technical and/or scientific

AGD Subject Code: 370

Presented in part with an educational grant from TP Orthodontics, Inc.  TP Orthodontics, Inc.

Learning Objectives

- Newtonian physics only allows four categories of overjet appliances.
- Class II elastics pull downwards on the upper incisors to produce a "gummy" smile.
- Class II elastics pull upwards on the lower molars to extrude them and autorotate the mandible distal.
- Head gears cause severe morphologic changes in the cervical vertebrae and blindings.
- Herbst type appliances push up and distal on the molars, which autorotates the anterior teeth downwards.
- Edgewise mechanics, at the maxillary level, eliminates all of the above problems.

ORTHODONTIC SYMPOSIUM

Peter Kierl, DDS

IMPROVING TREATMENT EFFICIENCIES WITH DIY ALIGNERS

D,A

1:30-4:30 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F45

CE Hours: 3 technical and/or scientific

AGD Subject Code: 370

Presented in part with an educational grant from Dentsply Sirona. 

Learning Objectives

- Learn how to do in office aligners - work flow.
- Incorporate use of 3D printing in office.
- Gain knowledge of hybrid aligner therapy.
- Review finishing in aligners.
- Observe full aligner treatment with DIY Aligners.

Shannon Pace Brinker, CDA

A TEAM APPROACH IN SUPPORTING PREDICTABLE COSMETIC DENTISTRY

D,A,H,T

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F19

CE Hours: 3 technical and/or scientific

AGD Subject Code: 017

Learning Objectives

- Explore new and exciting products in dentistry that can be utilized by the dental team to deliver minimally invasive dentistry your patient desires.
- Review step-by-step procedural techniques to allow the practice to immediately increase the aesthetic and anatomic quality of restorations they create.
- Identify methods of provisionalization for partial and full coverage restorations.
- Learn how exquisite provisional restorations serve as an anatomic (functional) and esthetic blueprint for the laboratory and lab communications.
- Learn what constitutes a perfect master impression: Impression techniques, choosing the right materials for the best outcome, hemostatic solutions, cord selection and laser.

Shannon Pace Brinker, CDA

WORKING WITH YOU IS KILLING ME

ALL

1:00-4:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F38

CE Hours: 3 technical and/or scientific

AGD Subject Code: 770

Learning Objectives

- Learn how to provide powerful instruction to inspire team excellence.
- Learn how to take personal responsibility and master behavioral and verbal skills.
- Discover how to have a great winning attitude and uplift other team members.
- Learn how different communication styles affect your message and how to overcome communication barriers.
- Gain knowledge on how to improve your own participation in team meetings.
- Re-ignite a true passion for making a difference in the lives of patients.

Amber Riley, RDH, MS

GET LIT! NOT BURNED BY LASERS

D,A,H

8:00 – 11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F20

CE Hours: 3 technical and/or scientific

AGD Subject Code: 135

This lecture is strongly recommended, but not mandatory, to attend workshop course #F10.

Learning Objectives

- Understand basic laser safety and physics.
- Learn clinical applications of soft tissue lasers for the dental hygienist and dentist and hard tissue applications for the dentist.
- Learn strategies to implement laser-assisted periodontal therapies to improve patient outcomes, create value and increase production.

Amber Riley, RDH, MS

GET LIT! NOT BURNED BY LASERS WORKSHOP

D,A,H

1:00-4:00 p.m.

\$195 Early Bird | \$205 After Aug. 26

Course #F10

CE Hours: 3 technical and/or scientific

AGD Subject Code: 135

Course #F20 is a recommended prerequisite for this workshop.

Learning Objectives

- Understand basic laser safety and physics.
- Learn clinical applications of dental diode lasers.
- Use the laser (hands on) in a simulated dental soft tissue environment.

Attendee should bring loupes (if desired).

Melissa Rozas, DDS

TOTS TO TEENS AND EVERYTHING IN-BETWEEN

D,A,H

8:00-11:00 a.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F21

CE Hours: 3 technical and/or scientific

AGD Subject Code: 430

Learning Objectives

- Review anticipatory guidance for toddlers to teens.
- Learn the impact of diet choices on a child's oral health, as well as other harmful habits.
- Recognize tooth and eruption disturbances and common soft tissue lesions in the mouth.
- Become familiar with the proper time for orthodontic and oral surgery referral.

Melissa Rozas, DDS

**MIND YOUR P'S AND Q'S! PANOS, PREPS, PULPS,
PATHOLOGY AND PARENT QUESTIONS!**

D,A,H

1:00-4:00 p.m.

\$30 Early Bird | \$40 After Aug. 26

Course #F39

CE Hours: 3 technical and/or scientific

AGD Subject Code: 430

Learning Objectives

- Review the timing and purpose for PA's, Occlusals, Bitewings and Panoramic films in the growing dentition.
- Discover how to treatment plan for success through proper diagnosis, preparations and behavior management.
- Learn the decision making process of when to proceed with pulp therapy on a child.
- Parents- how to handle their questions and gain their trust through good communication and clear goals.

SOUTHWEST DENTAL CONFERENCE SPONSORS

WHY BE AN EARLY BIRD?

BETTER COURSE SELECTION

Through the pre-registration date, August 26, we can re-arrange popular courses to accommodate more attendees. After that date, courses are limited to classroom size—once full, you're out of luck.

DISCOUNTED REGISTRATION FEES

Registration fees increase \$25 after August 26, then another late fee of \$25 after October 9.

DISCOUNTED COURSE FEES

Course fees increase \$10 per course after August 26.

TO HELP YOU WITH THE MATH...

If you have an office of five attending the conference, with each person booked in four courses, you'll save up to \$450 (\$90 per person) by pre-registering.

In Dallas, you can expect big things. Dallas offers the best shopping in the Southwest, a cutting-edge culinary scene, 14 exciting entertainment districts, the nation's largest urban arts district and impressive accommodations. The metroplex is the #1 visitor destination in Texas!

State Fair of Texas

A combination of entertainment, art, agriculture, history and cuisine, the State Fair provides fairgoers with a unique way to experience every aspect of Texas culture, all in one place. Building on its legacy as a National Historic Landmark, the State Fair serves not only as an annual celebration but as a unique destination that brings people from all walks of life together to create lifelong memories.

Sat, Sep 28 – Sun, Oct 20, 2019. <https://bigtex.com/>

Bishop Arts District

Once one of Dallas' best hidden treats, this two-block former warehouse area sit in the Oak Cliff neighborhood of South Dallas. It's home to more than 60 boutiques, restaurants, bars, coffee shops and galleries, making it one of Dallas' most unique districts.

www.bishopartsdistrict.com

Trinity Groves

The 15-acre restaurant, retail, artist and entertainment destination sits at the base of the Margaret Hunt Hill Bridge in West Dallas. This ultimate foodie destination has everything from BBQ to sushi to Italian to southern comfort food and is home to the Restaurant Concept Incubator program, which encourages culinary entrepreneurs to develop restaurant concepts.

www.trinitygroves.com

The Dallas Arboretum & Botanical Gardens

The Dallas Arboretum and Botanical Gardens was created to preserve history and nature. www.dallasarboretum.org

Dallas World Aquarium

View exotic birds, lounging sloths, a wide array of animals in the many conservation projects and a vast aquarium portion. www.dwazoo.com

GeO-Deck at Reunion Tower

At 470 feet up you'll experience breathtaking 360-degree panoramic views, high-definition zoom cameras, interactive touch screens, telescopes, a free digital photo and an indoor/outdoor observation deck that lets you see for miles in any direction. iontower.com

Deep Ellum

Deep Ellum introduced jazz and blues to Dallas in the 1920s. Today, the neighborhood's rich musical history still beats on with live music venues alongside trendy dining spots and bars, unique shops and striking art installations and murals. www.DeepEllumTexas.com

Texas-OU Football

Rivalry football games are exciting for teams, fans and programs, and none is bigger than the annual AT&T Red River Showdown between Texas and Oklahoma, **Sat., Oct. 12**. Dallas Area Rapid Transit (DART) will be ready with additional service as thousands travel to the State Fair to be a part of the game day atmosphere.

Dallas Zoo

Named one of "10 Amazing Zoos in the World," the Dallas Zoo is the largest zoological experience in Texas. www.dallaszoo.com

Perot Museum of Nature and Science

Opened in 2012, this museum is a popular hands-on learning experience with interactive components on all four floors. www.perotmuseum.org

Klyde Warren Park

The newly opened 5.2 acre deck park is an urban green space built over Woodall Rodgers Freeway to connect Uptown, Downtown and the Arts District. www.klydewarrenpark.org

Sixth Floor Museum

The Sixth Floor Museum at Dealey Plaza (former Texas School Book Depository) presents the social and political landscape of the early 1960s, chronicles President Kennedy's assassination and its aftermath, and reflects upon his lasting impact on our country and world.

The Katy Trail

The Katy Trail runs through the densest part of our city, offering runners, bikers, hikers and others a great place to enjoy the outdoors. The Katy Trail runs from the West End/American Airlines Center in the south, through the heart of urban Dallas up to SMU and Mockingbird DART Station in the north. katytraildallas.org

Use D-Link and the Trolley to spend time in Dallas without spending a dime!

Use D-Link to explore Dallas' arts, fun, culture and dining. Check out the Dallas Arts District and much more across downtown Dallas. Buses run every 15 minutes (10:30 a.m. - 9:30 p.m.) seven days a week. Service provided by DART, Downtown Dallas, Inc. and the City of Dallas. Hop on the McKinney Avenue Trolley that takes you through Downtown, The Dallas Arts District and Uptown. Look for the "M-Line" maroon sign that's located at all the stops along the route and track the trolley to see when its near.
