SOUTHWEST DENTAL CONFERENCE

August 25-26, 2023 • Hilton Anatole Dallas
Whether you are attending a class together, gathering for a staff lunch or taking advantage of the beautiful outdoor spaces, the Southwest Dental Conference at the Hilton Anatole Dallas is the perfect place to team build.

There are course topics to fit every dental role, so register your entire staff today to refresh, renew and reconnect in August!
WELCOME TO THE
SOUTHWEST DENTAL CONFERENCE!

CELEBRATING OUR 96TH YEAR

It is my pleasure to introduce you to the 96th annual Southwest Dental Conference, the premier dental education meeting of the Southwest, hosted by the Dallas County Dental Society.

Our goal is to make sure “work” isn’t just another four-letter word. The 2023 Southwest Dental Conference will provide outstanding opportunities for you to refresh your vision for your practice, renew your team’s energy and reconnect with your mentors, your peers…and yourself!

We’ve gathered a slate of visionary thinkers to inspire you, including renowned restorative speakers Dr. Bob Margeas and Dr. Sam Simos. Dr. Bethany Valachi’s lecture on practicing dentistry pain free and Meridan Zerner’s course on food as medicine will help you on your personal wellness journey. And if you are looking for that extra edge to stop expensive turnover and keep your employees engaged, April Callis-Birchmeier brings a course on creating and sustaining a positive work life.

These are just a few of the wide variety of topics presented through speaker lectures, hands-on courses and interactive seminars that will offer something for every dental role, and equip each member of your team with the skills and resources to excel.

You’ll have the additional opportunity to refresh, renew, and reconnect as you join your colleagues in discovering the latest and greatest dental products and services in our two day Exhibit Hall. This area offers great networking opportunities with other dentists, strategic partners and service providers.

We’re in our second year at the beautiful Hilton Anatole Dallas, a venue that proved last year to be a wonderful place for learning, socializing and fun. Wide open lobby seating and expansive grounds outside lend itself towards team-building activities, so bring your entire staff to expand their learning and build team rapport.

We encourage you to sign up early for the best course/clinician selection so you’ll be ready to refresh, renew and reconnect in August!

Sincerely,

CELESTE LATHAM, DDS
2023 Southwest Dental Conference Chairman
REGISTRATION INFORMATION

PREREgISTER TO SAVE TIME AND MONEY!
Avoid long registration lines: preregister online or by mail using the form on pages 10-11. Registration after July 14, 2023 will incur an additional $50 fee per person.

PRERegISTRATION IS EASY!
Select courses and complete registration online (swdentalconf.org) or by mail. Those who register online will receive an email confirmation within 72 hours.

If mailing, send form to the registration company:
Southwest Dental Conference
6840 Meadowridge Court
Alpharetta, GA 30005

Registrations are processed in the order received. Students can only register by mail or on-site and family members can only register on-site. All students must provide a copy of their valid student ID card when registering by mail or on-site.

Telephone and fax registrations are not accepted. All forms must be received by the registration company on or before July 14, 2023 to qualify for the preregistration fees. Registrations after this date must be done online and will incur additional charges. Fees are payable to Southwest Dental Conference in U.S. funds by check, money order, MasterCard, VISA or American Express. Credit card users must supply a new credit card number within 24 hours of denial notification or ordered tickets will be returned to inventory. Tickets will not be held.

ON-SITE REGISTRATION HOURS
Thursday, August 24 12:00-5:00 p.m.
Friday, August 25 7:30 a.m.-5:00 p.m.
Saturday, August 26 7:30 a.m.-1:00 p.m.

PREREGISTRATION MATERIALS
Badges and tickets are sent to U.S. registrants by mail. Materials for those outside the U.S. are held for pickup at the On-site Registration Area. Each registered person receives a personalized packet of materials. Obtain an on-site meeting program and other important information at the Welcome Center when you arrive.

CORRECTIONS/CHANGES/ADDITIONS
Corrections, changes and additions are processed at no charge after original registration has been submitted. Online registrants may make certain changes to their information and add classes through the website (swdentalconf.org). You cannot cancel registrations on the website. You may also mail corrections, changes and additions to the registration company. Indicate the ID number shown on your name badge.
TICKETS & COURSES

ONLINE HANDOUTS
After registering for courses, attendees with valid email addresses will receive access to handouts online.
Attendees should download the handouts for each course they plan to attend. Handouts are not available on-site.

LOST BADGES
Badges are required for entrance into courses and Exhibit Hall. Lost badges are replaced at no additional cost at the On-site Registration desk with ID.

HANDS-ON WORKSHOPS
Workshops marked with an asterisk (*) require supplies. Supply lists are printed with the course synopsis. Attendees are responsible for bringing supplies to the course.

CLASSROOMS
All rooms are set to maximum capacity. When the room is filled, no additional people will be admitted and no standing is allowed per order of the fire marshal. No children are permitted in the classrooms. Cellular phones and pagers must be turned off prior to entering any of the meeting rooms.

CANCELLATION/ REFUND POLICY
DEADLINE: JULY 25, 2023
Send a written request for cancellation/refund accompanied by badge and ticket summary to Southwest Dental Conference, 13633 Omega Road, Dallas, TX 75244. A 20% administrative fee will be assessed.
No refunds are given after the stated deadline regardless of reason including, but not limited to, death, illness or acts of God.
Refunds are processed within four weeks after completion of the Conference.

STAY IN TOUCH!
Follow Southwest Dental Conference on Social media for the latest news, information, tips and contests!

SWDC COURSE TICKET POLICY
All 2023 Southwest Dental Conference courses are ticketed. You must be registered and have a ticket to attend each course. Please indicate the course numbers on your registration form.
You must register for the courses you plan to attend in order to receive CE credit. The SWDC CE Verification system does not allow you to enter completion codes for courses in which you did not obtain a ticket.

COURSE FEES
Early registration is encouraged to ensure course availability and early bird pricing. Course fees increase by $10 per course after July 14, 2023.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Dallas County Dental Society designates one (1) credit per hour for CE activities, unless otherwise noted.

Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/goto/cerp.

CE courses provided by Dallas County Dental Society are recognized by the Texas State Board of Dental Examiners, other state’s licensing bodies and the Academy of General Dentistry. In Texas, CE courses must be “technical or scientific as relates to clinical care” to qualify for relicensure. Courses are designated “technical and/or scientific” or “nontechnical.” CE requirements differ from state to state, so please check with your state for specific requirements. AGD course codes and CE credit hours are shown on each course synopsis.

COURSE DISCLAIMER
The Southwest Dental Conference and its sponsor, Dallas County Dental Society, make every effort to present high-caliber clinicians in their respective areas of expertise. The presentations of the clinicians in no way imply endorsement of any product, technique or service presented in the courses. The Southwest Dental Conference and Dallas County Dental Society specifically disclaim responsibility for any material presented.

CE VERIFICATION
New in 2023: The CE Scanning Stations will not be available onsite for CE Verification.

CE Verification is available on the SWDC mobile app throughout the Conference and on the Conference website at swdentalconf.org post-Conference. Click on the CE Verification link. You will be directed to enter your badge number and your last name. After entering this information, please enter completion codes for every course you attended. You may either print or email your certificate.

The registration service will mail CE Verification Certificates at no charge for up to 90 days after the Conference; thereafter, a $25 charge is assessed.

This site will be available for six months after the 2023 SWDC.
TRAVEL INFORMATION

Dallas is easily accessed from across the country by two airports:
Dallas Love Field (10 min./6 mi.)
Dallas/Fort Worth International (20 min./14 mi.)

DART RAIL AND BUS SYSTEM
Market Center Station is the closest light rail station, approximately a 20 minute walk. Trains run at 20-minute intervals, 5:30 a.m.-12:30 a.m., seven days a week from stations are located throughout Dallas.
I35 @ Market Center - E - MB is closest bus stop, a 3 min walk away.
Wycliff @ I35 - N - MB is a 5 min walk away. These bus lines stop near Hilton Anatole: 405, 63, 749.
A route map can be found by clicking here. For more information, call DART at 214-979-1111 or visit dart.org.

TRINITY RAILWAY EXPRESS
If coming from west of Dallas, the Trinity Railway Express brings riders to Union Station, where you can catch a DART train or bus to get close to the Hilton Anatole. For routes and schedules, visit trinityrailwayexpress.org.

PUBLIC PARKING
Parking at the Hilton Anatole is available at an estimated cost of $22 per day ($34 for valet.)

HOTEL ALERT!
Third-party companies may be claiming to book hotels using the SWDC name on an unauthorized website without our permission. These companies are not in any way affiliated with the SWDC or Hilton Anatole Dallas (headquarters hotel).
The SWDC does not use third-party companies for reservations, and SWDC cannot verify the validity or security of any third party solicitor. Please book your hotel by contacting the hotel directly via web or phone. If you have any questions about the authenticity of information referencing our Conference, please contact us at 866-THE-SWDC.

HILTON ANATOLE DALLAS
2201 North Stemmons Freeway, Dallas, Texas 75207
Reservations: 1-800-774-1500
www.HILTON.com
To register, call or go online at https://book.passkey.com/e/50387029

Hilton Anatole’s legendary distinction for grand design, devoted hospitality and enduring style is unmatched. A destination where distinctive architecture, exquisite antiques and an astounding collection of priceless art — one of the largest ever assembled for a U.S. hotel — provide a backdrop for the most comprehensive, award-winning conference and exhibit facilities ever assembled under one roof. Recognized with over 125 industry awards for exceptional facilities and service, this hotel will welcome you with an array of highlights including four restaurants, five bars, an 80,000-sq-ft fitness club and spa, a private, seven-acre park, a leisure pool, activity pools, lazy river and water slides.

Please note: Our dates are determined by the number of attendees that stay in the SWDC hotel room block. Please help us get the best, most consistent dates possible by staying in the Hilton Anatole Dallas. This ensures that we receive credit for your stay and improves our standing with the hotel. Register early to book your hotel reservation!

GROUP RATE CODE:
SWD

GROUP RATE DEADLINE:
JULY 23, 2023

ROOM RATE:
$224
Join us for a fun networking soiree Friday afternoon between 4:30-6:00 p.m. in the Exhibit Hall. Enjoy light hors d’oeuvres and cash bar as you mingle with colleagues and discuss new services and technology with exhibitors.

All attendees and exhibitors are welcome. Badge is required for entry.
SHOW OUR EXHIBITORS
THEY ARE APPRECIATED

Expert exhibit personnel in approximately 200 booths are here to assist you in making the right choices, to educate you on their products and services and to take your orders! Please spend time in the Exhibit Hall. The support of our exhibiting companies is greatly appreciated for contributing to the success of the Southwest Dental Conference. The success of the SWDC is dependent upon your participation. Don’t miss great deals on all your office needs!

EXHIBIT HALL HOURS
FRIDAY 9:00 a.m. - 6:00 p.m.
SATURDAY 9:00 a.m. - 1:30 p.m.
Click here for a list of all current SWDC exhibiting companies!

THE SOUTHWEST DENTAL CONFERENCE WOULD LIKE TO THANK ALL EXHIBITING COMPANIES FOR THEIR CONTINUED SUPPORT.
2023 SOUTHWEST DENTAL CONFERENCE
REGISTRATION FORM

Registration Instructions: Register online at swdentalconf.org OR mail this registration form. Forms must be received at the registration company on or before the preregistration deadline of July 14, 2023. Mail to: SOUTHWEST DENTAL CONFERENCE; 6840 MEADOWRIDGE COURT; ALPHARETTA, GA 30005. Faxed or emailed registrations are not accepted. Registration fees increase an additional $50 on July 15, 2023. Refer to the cancellation policy on page 5. Only one form is necessary for each office, and you may photocopy it to accommodate additional registrants. Please complete both pages of this form.

1 Primary Registrant
Please print.

The SWDC App is Amazing!

- See your personalized daily schedule with courses and room numbers.
- Receive alerts during the Conference.
- Find Exhibitors, add them to your itinerary and view their show specials.
- Get local information, including transportation and Dallas attractions.
- Look up Conference information, maps, clinicians and courses.
- Download your handouts.
- Redeem CE credits and have the certificate emailed to you.
- Available pre-conference on iPhone or Android.

ORAL SURGERY FOR THE GENERAL PRACTITIONER WORKSHOP
Robert Edwab, DDS, MBA
8:00 -11:00 a.m. repeating 1:00-4:00 p.m.

EQUIPMENT MAINTENANCE
Burkhart Dental
9:00-11:00 a.m. repeating 1:00-3:00 p.m.

THE PERIODONTAL CO-THERAPIST:
PRACTICAL PERIODONTOLOGY FOR THE RDH
Timothy Hempton, DDS
9:00 a.m.-12:00 p.m.

THE EXCEPTIONAL ASSISTANT
2023 WORKSHOP
Edwin “Mac” McDonald III, DDS
1:00-4:00 p.m.

THE ORAL MICROBIOME AND
THE LINK TO GI HEALTH
Carol Jahn, RDH, MS
1:30-4:30 p.m.

TECHNIQUES FOR THE EVERYDAY DENTIST
TO INCREASE PROFITABILITY
Robert Margeas, DDS
2:00-5:00 p.m.

NECK, BACK AND BEYOND: PREVENTING PAIN WITH EVIDENCE-BASED ERGONOMICS
Bethany Valachi, PT, DPT, MS, CEAS
1:30-4:30 p.m.
FRIDAY COURSES

ALAN BUDENZ, MS, DDS, MBA
Numb, Numb-er, Numb-est: An Update on Local Anesthesia
Audience: D
Time: 8:00-11:00 a.m.
Fee: $40
Course #F9
CE Hours: 3 technical and/or scientific
AGD Subject Code: 340

LEARNING OBJECTIVES
• Discover the science behind new anesthetics and techniques that are now available in the dental marketplace or that are currently being researched
• Learn how to apply the latest anesthetic agent technology to their daily practice, and describe new trends in achieving profound anesthesia from comfortable injections
• Become familiar with alternative techniques for delivering local anesthetic agents to help solve those difficult anesthesia problems
• Review safe dosage and usage of any of the anesthetic agents that are currently available in the dental office for adults and children

ALAN BUDENZ, MS, DDS, MBA
“X” Marks the Spot: Technique Simulation of Local Anesthesia Workshop
Audience: D
Time: 1:00-4:00 p.m.
Fee: $195
Course #F6
CE Hours: 3 technical and/or scientific
AGD Subject Code: 340

LEARNING OBJECTIVES
• Learn to perform the Gow-Gates complete trigeminal mandibular division nerve block technique, the most efficient block for profound mandibular quadrant anesthesia
• Become familiar with the Vazirani-Akinosi closed-mouth trigeminal mandibular division nerve block technique, an excellent technique for the apprehensive patients
• How to replicate a complete trigeminal maxillary division nerve block technique, the most efficient block for profound maxillary quadrant anesthesia

*ATTENDEES SHOULD BRING LOUPES (IF DESIRED).

KERIN BURDETTE, DDS, MPH
Vaping Revisited: The Kids Are Back in School, Now What?
Audience: ALL
Time: 2:00-4:00 p.m.
Fee: $40
Course #F32
CE Hours: 2 technical and/or scientific
AGD Subject Code: 157

LEARNING OBJECTIVES
• Identify vaping’s role as a public health epidemic among children in the United States
• Discover the make-up of e-cigarette devices (highlighting e-juice components)
• Review multiple complications as a result of the vaping epidemic
• Become familiar with the latest government rules and regulations enacted to combat vaping
• Implement tech savvy vaping cessation tools
APRIL CALLIS-BIRCHMEIER
Creating and Sustaining a Positive Work Life: Breaking the Seven Habits of Negativity and Other Secrets of Getting Along
Audience: ALL
Time: 9:00-11:00 a.m.
Fee: $30
Course #F17
CE Hours: 2 non-technical
AGD Subject Code: 550

LEARNING OBJECTIVES
• Discover actionable strategies to help re-route negative behaviors
• Learn how to eliminate negative contagion and improve culture
• Utilize a seven-step approach to share and sustain a positive vision and increase job satisfaction

APRIL CALLIS-BIRCHMEIER
Get READY for Rapid Change!
Audience: ALL
Time: 1:00-4:00 p.m.
Fee: $30
Course #F23
CE Hours: 3 non-technical
AGD Subject Code: 550

LEARNING OBJECTIVES
• Identify rapid change and the impact of the ongoing change cycle
• Discover the power of a relevant and relatable story about the benefit of change
• Engage leaders in productive behaviors and strategies to increase resilience
• Recognize and reduce resistance and build habits to promote resilience

CE Express
Audience: D,A,H
Time: 8:00 a.m.-12:00 p.m.
$60 (all four courses)
Course #F1
CE Hours: 4 technical and/or scientific

RAJIV PATEL, BDS, DDS
Everyday Endo Hacks: Tips and Tricks for Better Endo!
8:00-9:00 a.m.
AGD Subject Code: 070

LAURA NELSON-RABE, DDS, MS
Recession and Tissue Grafting: A Comprehensive Review in Thirty Minutes
9:00-10:00 a.m.
AGD Subject Code: 490

SALVATOR LA MASTRA, DMD
Making Full Mouth Esthetic Reconstruction Simple
10:00-11:00 a.m.
AGD Subject Code: 780

SHAWN SEIFIKAR, DDS
Emergency Drug Kits: Pharmacological and Technical Considerations
11:00 a.m.-12:00 p.m.
AGD Subject Code: 142
TERESA DUNCAN, MS
The Acci-Dental Insurance Coordinator
Audience: ALL
Time: 8:30-11:30 a.m.
Fee: $30
Course #F13
CE Hours: 3 non-technical
AGD Subject Code: 550

LEARNING OBJECTIVES
• Learn tips to obtain reimbursement for your practice and your patients, including management of documentation/attachments
• Discover best practices for generating and reviewing reports
• Engage in a discussion of coding trends including diagnosis and administrative codes

TERESA DUNCAN, MS
Nobody Told Me That!
Management Issues We Should Talk About
Audience: ALL
Time: 1:30-4:30 p.m.
Fee: $30
Course #F27
CE Hours: 3 non-technical
AGD Subject Code: 550

LEARNING OBJECTIVES
• Discover how to help your team avoid common pitfalls in patient management
• Become familiar with situations that can surprise you
• Discover what you wish you had known about employee management

ROBERT EDWAB, DDS, MBA
Oral Surgery for the General Practitioner Workshop
Audience: D
Time: 8:00-11:00 a.m. repeating 1:00-4:00 p.m.
Fee: $275
AM Course #F3
PM Course #F7
CE Hours: 3 technical and/or scientific
AGD Subject Code: 310

LEARNING OBJECTIVES
• Review proper instrumentation
• Learn suturing techniques
• Become familiar with extraction techniques
• Learn surgical removal of a frenum
• Discover excisional biopsy techniques

BURKHART
Equipment Maintenance and Repair Workshop
ALL
9:00-11:00 a.m. repeating 1:00-3:00 p.m.
Fee: $60
AM Course #F4
PM Course #F5
CE Hours: 2 nontechnical
AGD Subject Code: 550

LEARNING OBJECTIVES
• Increase the lifespan for your dental equipment investments by learning preventative maintenance requirements and processes
• Learn how to save on repair costs by making basic equipment repairs, such as, replacing o-rings, syringe buttons and more
• Understand how to make simple equipment adjustments to improve the use of equipment

CO-SPONSORED AND FACILITATED BY BURKHART.
### TIMOTHY HEMPTON, DDS
#### The Periodontal Co-therapist: Practical Periodontology for the RDH
**Audience:** D,H  
**Time:** 9:00 a.m.-12:00 p.m.  
**Fee:** $40  
**Course #** F18  
**CE Hours:** 3 technical and/or scientific 
**AGD Subject Code:** 490  
**Learning Objectives:**  
- Review systemic and local risk factors for the development of periodontal disease  
- Understand the impact of non-surgical therapy on the subgingival biofilm  
- Discover the value of systemic and locally delivered antibiotics in attachment gain  
- Assess the limitations of non-surgical debridement and indications for surgical intervention

### TIMOTHY HEMPTON, DDS
#### Save the Tooth or What is Next: Retaining the Natural Dentition vs Extraction and Alveolar Ridge Preservation
**Audience:** D,A  
**Time:** 2:00-5:00 p.m.  
**Fee:** $40  
**Course #** F33  
**CE Hours:** 3 technical and/or scientific 
**AGD Subject Code:** 490  
**Learning Objectives:**  
- Become familiar with clinical and radiographic findings for predictable periodontal treatment outcomes  
- Review flap design utilized with periodontal regenerative procedures  
- Explore bone graft/barrier membrane materials utilized with periodontal regenerative procedures  
- Review indications/contraindications for crown lengthening procedures  
- Describe methods and materials utilized in alveolar ridge preservation (extraction socket grafting)

**Hygiene CE Express**

- Audience: D,A,H
- Time: 12:30-4:30 p.m.
- $60 (all four courses)
- Course #F2
- CE Hours: 4 technical and/or scientific

**LEARNING OBJECTIVES**

- Identify the role p.gingivalis and other pathogens play in brain inflammation
- Examine how p.gingivalis may contribute to a dysbiotic gut microbiota
- Discover how the gut microbiome plays a role in immune function
- Evaluate the research showing how periodontal disease may worsen cognitive decline and inflammatory bowel diseases, and play a role in colon and pancreatic cancer
- Discuss the role periodontal therapy and good oral hygiene may have on brain and GI health
CAROL JAHN
The Oral Microbiome and the Link to GI Health
Audience: ALL
Time: 1:30-4:30 p.m.
Fee: $40
Course #F28
CE Hours: 3 technical and/or scientific
AGD Subject Code: 730

LEARNING OBJECTIVES
• Understand how p.gingivalis may contribute to a dysbiotic gut microbiota
• Explain how oral inflammation plays a role in worsening Crohn’s disease and ulcerative colitis
• Evaluate the research linking periodontitis to colon cancer and pancreatic cancer
• Discuss the role periodontal therapy and good oral hygiene may have on gastrointestinal health

PRESENTED IN PART WITH AN EDUCATIONAL GRANT BY WATERPIK.

ANDREW JOHNSON, DDS, MDS, CDT
Disrupting Dentistry: A Patient Flow for the Future Part I
Audience: D,A
Time: 9:00-12:00 p.m.
Fee: $40
Course #F19
CE Hours: 3 technical and/or scientific
AGD Subject Code: 670

LEARNING OBJECTIVES
• Learn to compare traditional diagnostic and treatment approached with digital alternatives
• Review past, present and future restorative materials and indications
• Explore the impact of digital clinical practice on the traditional treatment flow

ANDREW JOHNSON, DDS, MDS, CDT
Disrupting Dentistry: A Patient Flow for the Future Part II
Audience: D,A
Time: 2:00-5:00 p.m.
Fee: $40
Course #F25
CE Hours: 3 technical and/or scientific
AGD Subject Code: 670

LEARNING OBJECTIVES
• Learn to familiarize with historic materials and methods used in denture fabrication
• Discover how to repurpose existing technologies and techniques to suit the digital age
• Understand the impact of a new patient diagnostic/treatment flow on the future of dentistry
FRIDAY COURSES

KATHLEEN A. KASPER, DDS, D-ABFO
Forensic Dentistry: Bags, Bodies, Bites and Bones!
Audience: ALL
Time: 1:00-4:00 p.m.
Fee: $40
Course #F26
CE Hours: 3 technical and/or scientific
AGD Subject Code: 145

LEARNING OBJECTIVES
• Review history and scope of forensic dentistry
• Explore concepts in dental identification
• Learn current technological advances in forensic dentistry
• Become familiar with concepts currently being used for dental biologic profiling and dental age assessment
• Discover how to get involved in forensic dentistry

MEETU KOHLI, DDS
Bioceramics Use in Endodontics: Obturation and Vital Pulp Therapy
Audience: D,A
Time: 2:00-5:00 p.m.
Fee: $40
Course #F34
CE Hours: 3 technical and/or scientific
AGD Subject Code: 070

PRESENTED IN PART WITH EDUCATIONAL GRANTS BY BRASSELER USA AND NEXT LEVEL ENDODONTICS

ROBERT MARGEAS, DDS
Diagnosis and Treatment of the Worn Dentition
Audience: D,A,H,T
Time: 9:00 a.m.-12:00 p.m.
Fee: $40
Course #F20
CE Hours: 3 technical and/or scientific
AGD Subject Code: 780

LEARNING OBJECTIVES
• Learn the Etiologies of Wear
• Discover how to treat the worn dentition
• Explore how to determine vertical dimension
• Establish how to stage cases over time

ROBERT MARGEAS, DDS
Techniques for the Everyday Dentist to Increase Profitablity
Audience: D,A,H,T
Time: 2:00-5:00 p.m.
Fee: $40
Course #F35
CE Hours: 3 technical and/or scientific
AGD Subject Code: 780

LEARNING OBJECTIVES
• Create an invisible Class IV
• Develop porcelain veneer preps for maximum lifetime
• Utilize the patients tooth as a provisional following extraction and placement of an implant
• Learn how to close a diastema freehand for great esthetics
EDWIN “MAC” MCDONALD, III, DDS
The Exceptional Assistant 2023
Audience: ALL
Time: 8:00-11:00 a.m.
Fee: $40
Course #F11
CE Hours: 3 technical and/or scientific
AGD Subject Code: 250

LEARNING OBJECTIVES
• Discover how to become a better communicator through learning about yourself and others
• Incorporate organization and preparation for enhanced clinical performance
• Learn how to expand your role in helping your dentist in a comprehensive examination and data gathering
• Implement the Quicksplint as a revolutionary tool for pain diagnosis and short term treatment
• Learn the fundamentals of a single crown provisional
• How to become an advocate for your patient

EDWIN “MAC” MCDONALD, III, DDS
The Exceptional Assistant 2023 Workshop
Audience: ALL
Time: 1:00-4:00 p.m.
Fee: $155
Course #F8
CE Hours: 3 technical and/or scientific
AGD Subject Code: 250

LEARNING OBJECTIVES
• Develop a more effective Dentist - Assistant team
• Discover how to create clinical protocols and standards to enhance clinical performance
• Learn how to maximize the role of the assistant in the comprehensive examination & consultation
• Learn the fundamentals of a single crown provisional and complete a molar provisional
• Reline, trim, and adjust a Quicksplint
FRIDAY COURSES

PARAS PATEL, DDS
A Refresher on Oral Cancer and Precancerous Lesions
Audience: ALL
Time: 8:30-11:30 a.m.
Fee: $40
Course #F15
CE Hours: 3 technical and/or scientific
AGD Subject Code: 730

LEARNING OBJECTIVES
• Learn the current statistics and trends regarding oral and oropharyngeal cancer
• Identify factors that put individuals at a higher risk of developing oral cancer
• Recognize the clinical features of precancerous lesions
• Become familiar with the clinical features of oral cancer

PARAS PATEL, DDS
The Black and White of Radiographic Pathology
Audience: ALL
Time: 1:30-4:30 p.m.
Fee: $40
Course #F29
CE Hours: 3 technical and/or scientific
AGD Subject Code: 730

LEARNING OBJECTIVES
• Learn how to describe the features of radiographic pathoses
• Develop an accurate differential diagnosis for specific disease presentations
• Understand the etiopathogenesis of the specific lesions that are discussed
• Become comfortable and confident in discussing specific diagnoses with their patients
• Become familiar with discussing treatment and management options for specific lesions with their patients

JACQUELINE PLEMONS, DDS, MS
Management of Patients with Dry and Burning Mouth
Audience: D,A,H
Time: 8:00-11:00 a.m.
Fee: $40
Course #F12
CE Hours: 3 technical and/or scientific
AGD Subject Code: 730

LEARNING OBJECTIVES
• Identify the most common causes of xerostomia or dry mouth
• Develop treatment strategies to manage patients with oral dryness
• Recognize the potential complications caused by xerostomia and salivary hypofunction
• Discuss the common characteristics of burning mouth syndrome
• Learn how to manage patients with burning mouth syndrome

| Five Steps to Practicing Dentistry Pain-Free | BETHANY VALACHI, PT, DPT, MS | D,A,H | 9:00 a.m.-12:00 p.m. | $40 | #F22 | 3 | 130 | - Learn the etiologies of work-related pain in dentistry  
- Discover the single most important dental ergonomic intervention to prevent neck pain  
- Become familiar with a technique to down-regulate the sympathetic nervous system and prevent muscle tension  
- Investigate how trigger points develop in dental professionals, and learn a self-treatment protocol  
- Observe which types of stretches are most beneficial and how to perform them  
- Learn how to correct painful muscle imbalances with proper exercise |
| Neck, Back and Beyond: Preventing Pain with Evidence-Based Ergonomics | BETHANY VALACHI, PT, DPT, MS | D,A,H | 1:30-4:30 p.m. | $40 | #F31 | 3 | 130 | - Implement appropriate ergonomic interventions for chronic back, neck and shoulder  
- Identify three ergonomic criteria to select dental loupes that will improve their health...not make it worse!  
- Employ ergonomic modifications in the operatory with minimal expense  
- Learn how to position patients, headrest & overhead light correctly depending upon arch and tooth surface being treated  
- Learn how to position assistants correctly chairside  
- Identify unique pain patterns in specialists (endodontics, pedodontics, periodontics, orthodontics and oral surgeons) and implement specific interventions  
- Identify ergonomic features and adjustment of operator stools, patient chairs & delivery systems  
- Learn how pain develops in the operatory to wisely select effective interventions |
HIGHLIGHTS
SATURDAY, AUGUST 26

PRESCRIBING CONTROLLED SUBSTANCES: DRUGS, MONITORING AND STANDARDS OF CARE
Jacqueline Plemons, DDS, MS
8:00 a.m.-12:00 p.m.

SOFT TISSUE SURGERY IN ESTHETIC DENTISTRY PART I
Edward P. Allen, DDS, PhD
8:30-11:30 a.m.

INVISIBLE PAIN: REALITIES WITHIN THE WORLD OF AUTOIMMUNE DISEASES
Karen Davis, RDH, BSDH
8:30-11:30 a.m.

EMERGING TRENDS IN THE DIAGNOSIS AND MANAGEMENT OF CHRONIC OROFACIAL PAIN
Theresa Gonzales, DMD, MS, MSS
8:30-11:30 a.m.

MEDICAL EMERGENCIES – RECOGNITION AND MANAGEMENT
Thomas Schlieve, DDS, MD
1:30-4:30 p.m.

CLASS IV COMPOSITES: LAYERING TECHNIQUES FOR PREDICTABILITY AND SUCCESS WORKSHOP
Dennis Hartlieb, DDS
1:00-4:00 p.m.

TMJ TO FINAL SMILE
Michelle Lee, DMD
1:00-4:00 p.m.

DIRECT MATERIALS TECHNIQUES AND TECHNOLOGIES
Sam Simos, DDS
1:30-4:30 p.m.
EDWARD P. ALLEN, DDS, PHD
Soft Tissue Surgery in Esthetic Dentistry Part I
Audience: D
Time: 8:30-11:30 a.m.
Fee: $40
Course #S15
CE Hours: 3 technical and/or scientific
AGD Subject Code: 490/780

The title and abstract are for a six hour program that is divided into two parts. The learning objectives apply to both Part I and Part II.

LEARNING OBJECTIVES
• Define the appropriate age for esthetic crown lengthening surgery
• Identify the limitations of “flapless” osseous surgery for crown lengthening
• Review the indications for grafting or restoring cervical lesions
• Evaluate the special considerations for soft tissue grafting around implants

EDWARD P. ALLEN, DDS, PHD
Soft Tissue Surgery in Esthetic Dentistry Part II
Audience: D
Time: 1:00-4:00 p.m.
Fee: $40
Course #S23
CE Hours: 3 technical and/or scientific
AGD Subject Code: 490/780

The title and abstract are for a six hour program that is divided into two parts. The learning objectives apply to both Part I and Part II.

LEARNING OBJECTIVES
• Define the appropriate age for esthetic crown lengthening surgery
• Identify the limitations of “flapless” osseous surgery for crown lengthening
• Review the indications for grafting or restoring cervical lesions
• Evaluate the special considerations for soft tissue grafting around implants

CHRISTINA BLACHER, DMD
Invisalign Consultation Workflow and Case Acceptance
Audience: D,A,H
Time: 8:00-11:00 a.m.
Fee: $40
Course #S9
CE Hours: 3 technical and/or scientific
AGD Subject Code: 370

PRESENTED IN PART WITH AN EDUCATIONAL GRANT BY INVISALIGN|ITERO.

LEARNING OBJECTIVES
• Understand verbiage for treatment planning Invisalign cases
• Learn the steps to scanning with iTero and steps to integrate iTero scanning into hygiene appointments
• Utilize new case acceptance techniques for getting patients to say “yes” to any treatment plan
• Review the most predictable tooth movements for case selection
• Understand common Invisalign workflows form start to finish of treatment
### SATURDAY COURSES

**CHRISTINA BLACHER, DMD**

**Clinical Confidence with Invisalign Treatment**  
Audience: D,A,H  
Time: 1:00-4:00 p.m.  
Fee: $40  
Course #S24  
CE Hours: 3 technical and/or scientific  
AGD Subject Code: 370  

**LEARNING OBJECTIVES**  
- Understand the attachments used for Invisalign treatment  
- Utilize 3D Controls with ClinChecks  
- Learn how to make any case into a predictable one  
- Review the most common reasons for tracking issues  
- Learn why posterior open bites happen and understand how to fix them

**PRESENTED IN PART WITH AN EDUCATIONAL GRANT BY INVISALIGN|ITERO.**

---

**KAREN DAVIS, RDH, BSDH**

**Invisible Pain: Realities Within the World of Autoimmune Diseases**  
Audience: ALL  
Time: 8:30-11:30 a.m.  
Fee: $40  
Course #S16  
CE Hours: 3 technical and/or scientific  
AGD Subject Code: 010  

**LEARNING OBJECTIVES**  
- Recognize how dental professionals can help improve the journey for autoimmune patients  
- Appraise risk factors and treatments associated with the myriad of autoimmune diseases  
- Identify common oral consequences of living with an immune system that attacks itself  
- Recognize technologies, services and products to improve oral outcomes

---

**KAREN DAVIS, RDH, BSDH**

**Cannabis, Cancer and Chronic Pain: Exploring the Connections**  
Audience: ALL  
Time: 1:30-4:30 p.m.  
Fee: $40  
Course #S29  
CE Hours: 3 technical and/or scientific  
AGD Subject Code: 010  

**LEARNING OBJECTIVES**  
- Appraise the anti-inflammatory versus pro-inflammatory outcomes with cannabis usage  
- Examine current evidence on cannabis for chronic pain management and cancer  
- Explore the myriad of vehicles for cannabis usage and its impact on the oral environment  
- Formulate a plan to protect the oral environment during chronic cannabis usage
### SATURDAY COURSES

**JACKIE DORST, RDH**

**Breathe Safe! Airborne Disease Standards and Prevention**

<table>
<thead>
<tr>
<th>Audience: ALL</th>
<th>Time: 8:30-11:30 a.m.</th>
<th>Fee: $40</th>
</tr>
</thead>
<tbody>
<tr>
<td>Course #S17</td>
<td>CE Hours: 3 technical and/or scientific</td>
<td>AGD Subject Code: 148</td>
</tr>
</tbody>
</table>

**LEARNING OBJECTIVES**

- Learn effective HVE level for aerosols
- Define MERV filter
- Review N95 seal test
- Become familiar with six potential airborne diseases in the dental office

**JACKIE DORST, RDH**

**Fight Dirty! And Keep It Clean**

<table>
<thead>
<tr>
<th>Audience: ALL</th>
<th>Time: 1:30-4:30 p.m.</th>
<th>Fee: $40</th>
</tr>
</thead>
<tbody>
<tr>
<td>Course #S30</td>
<td>CE Hours: 3 technical and/or scientific</td>
<td>AGD Subject Code: 148</td>
</tr>
</tbody>
</table>

**LEARNING OBJECTIVES**

- Discover EPA healthcare approved disinfectant products
- Describe how to test ultrasonic cavitation
- Gain knowledge of DUW sample technique for testing
- Review modes of disease transmission

**ROBERT EDWAB, DDS, MBA**

**Oral Surgery for the General Practitioner Workshop (Repeat)**

<table>
<thead>
<tr>
<th>Audience: D</th>
<th>Time: 8:00-11:00 a.m.</th>
<th>Fee: $275</th>
</tr>
</thead>
<tbody>
<tr>
<td>Course #S3</td>
<td>CE Hours: 3 technical and/or scientific</td>
<td>AGD Subject Code: 310</td>
</tr>
</tbody>
</table>

**LEARNING OBJECTIVES**

- Review proper instrumentation
- Learn suturing techniques
- Become familiar with extraction techniques
- Learn surgical removal of a frenum
- Discover excisional biopsy techniques

**THERESA GONZALES, DMD, MS**

**Emerging Trends in the Diagnosis and Management of Chronic Orofacial Pain**

<table>
<thead>
<tr>
<th>Audience: ALL</th>
<th>Time: 8:30-11:30 a.m.</th>
<th>Fee: $40</th>
</tr>
</thead>
<tbody>
<tr>
<td>Course #S18</td>
<td>CE Hours: 3 technical and/or scientific</td>
<td>AGD Subject Code: 200</td>
</tr>
</tbody>
</table>

**LEARNING OBJECTIVES**

- Explain the complex, multidimensional, and individual nature of pain
- Describe the current theories and the science regarding pain and pain management
- Recognize and use validated and reliable tools for the measurement of pain and associated symptoms
THeresa Gonzales, DMD, MS
Emerging Trends in the Diagnosis and Management of Oropharyngeal Cancer

Audience: ALL
Time: 1:00-4:00 p.m.
Fee: $40
Course #S25
CE Hours: 3 technical and/or scientific
AGD Subject Code: 730

Learning Objectives
- Identify the most common etiologies of oral cancer and its incidence within the population
- Review the basic histology of the oral mucosa and the changes that occur with premalignant and malignant lesions and their patterns of occurrence
- Learn current treatment recommendations and clinical outcomes
- Understand the principles of and the complications from radiotherapy
- Discuss the developing role of immunotherapy in the management of late-stage tumors

DENNIS HARTLIEB, DDS
Why Free-hand Composite Dentistry is Still King in a Digital World

Audience: D,A,H
Time: 8:00-11:00 a.m.
Fee: $40
Course #S10
CE Hours: 3 technical and/or scientific
AGD Subject Code: 250

Learning Objectives
- Learn step-by-step techniques that work – layering techniques to create life-like esthetics for direct resin restorations
- Review the materials necessary for composite success
- Discover opening vertical dimension with composites – efficient strategies to manage the worn dentition

DENNIS HARTLIEB, DDS
Class IV Composites: Layering Techniques for Predictability and Success Workshop

Audience: D,A,H
Time: 1:00-4:00 p.m.
Fee: $225
Course #S7
CE Hours: 3 technical and/or scientific
AGD Subject Code: 250

Learning Objectives
- Utilize bevel design to create invisible Class IV restorations
- Learn how to manage the dentin layer to create naturally appearing restorations
- Discover putting it all together; layering concepts to create natural, beautiful and predictable anterior direct resin restorations

*Attendees should bring loupes (if desired).*
**TIMOTHY HEMPTON, DDS**

**Crown Lengthening Workshop (Functional)**

- Audience: D
- Time: 8:00 a.m.-12:00 p.m.
- Fee: $275
- Course #S4
- CE Hours: 4 technical and/or scientific
- AGD Subject Code: 490/780

*ATTENDEES SHOULD BRING LOUPES (IF DESIRED).*

**LEARNING OBJECTIVES**

- Recognize indications and contraindications for crown lengthening
- Design a flap for a crown lengthening surgical procedure
- Utilize ostectomy and osteoplasty to achieve adequate tooth exposure
- Discover how to eliminate osseous deformities
- Learn how to apically position a flap with periosteal sutures
- Provide post-operative management

---

**Hygiene CE Express**

- Audience: D, A, H
- Time: 8:00 a.m.-12:00 p.m.
- $60 (all four courses)
- Course #S2
- CE Hours: 4 technical and/or scientific

---

**ANNETTE SMITH, RDH, MSDH**

**Vaping: Hiding Behind Smoke and Mirrors**

- 8:00-9:00 a.m.
- AGD Subject Code: 157/158

---

**JORDAN MCHONE, DDS**

**Lasers and Periodontal Disease: What Does the Literature Actually Say From a General Dentist and Hygiene Perspective**

- 9:00-10:00 a.m.
- AGD Subject Code: 135/490

---

**BEN CURTIS, DDS**

**Lumps and Bumps, Oh My! Pediatric Soft-tissue Pathology Treatments with an All-tissue Laser**

- 10:00-11:00 a.m.
- AGD Subject Code: 135/430

---

**CATHERINE SCHIRMER, RDH, BA**

**Preventistry – The Role Prevention has in Modern Dentistry**

- 11:00 a.m.-12:00 p.m.
- AGD Subject Code: 730
SCOTT KEITH, DDS, MS
The Role of Digital Dentistry in the Contemporary Implant Practice
Audience: D,A,T
Time: 8:30-11:30 a.m.
Fee: $40
Course #S19
CE Hours: 3 technical and/or scientific
AGD Subject Code: 690

LEARNING OBJECTIVES
• Understand the digital workflow for dental implant treatment planning, surgery and prosthetics
• Determine when and where the digital dentistry workflow may improve upon currently accepted treatment modalities
• Recognize potential limitations of digital technologies in relation to clinical care of our patients

SCOTT KEITH, DDS, MS
Giving Patients What They Want… Immediate Satisfaction with Dental Implants
Audience: D,A,T
Time: 1:30-4:30 p.m.
Fee: $40
Course #S31
CE Hours: 3 technical and/or scientific
AGD Subject Code: 250/690

LEARNING OBJECTIVES
• Understand the importance of proper diagnosis and treatment planning prior to surgical intervention
• Determine when and where extraction and immediate implant placement is appropriate, the risk factors involved and when a more conservative, staged approach is indicated
• Classify case types to assist in creating predictable esthetic and functional outcomes including timing of extraction, grafting, implant placement and provisional restorations
• Understand the importance of provisional hybrid restorations in the shaping of healed tissue contours and communication of prosthesis design to the laboratory technician
• Understand the importance of balance and favorable occlusal loading and the use of computerized occlusal evaluation and adjustment to achieve this goal
**MEETU KOHLI, BDS, DMD**  
**FRANK SETZER, DMD, PHD, MS**  
**Anatomical Root Canal Instrumentation and Bioceramic Root Filling Workshop**  
**Audience:** D  
**Time:** 8:00-11:00 a.m. repeating 12:30-3:30 p.m.  
**Fee:** $195  
**AM Course #S5**  
**PM Course #S6**  
**CE Hours:** 3 technical and/or scientific  
**AGD Subject Code:** 070  

**LEARNING OBJECTIVES**  
- Learn how to instrument and obturate in an adept structured workflow, which is repeatable, and easily transferable to their clinical practice  
- Discover how to instrument to biologically acceptable sizes using XP shaper and finisher  
- Incorporate how to obturate with Sealer based obturation technique using Bioceramic sealers

**PRESENTED IN PART WITH EDUCATIONAL GRANTS BY BRASSELER USA AND NEXT LEVEL ENDODONTICS.**

*ATTENDEES ARE REQUIRED TO BRING EXTRACTED AND ACCESSED NATURAL TEETH.*

---

**MICHelle Lee, DMD**  
**Appliance Therapy in Everyday Dentistry**  
**Audience:** D,A  
**Time:** 8:00-11:00 a.m.  
**Fee:** $40  
**Course #S11**  
**CE Hours:** 3 technical and/or scientific  
**AGD Subject Code:** 180

**LEARNING OBJECTIVES**  
- Review of TMJ and muscle examination and anatomy  
- Review Occlusal Muscle Disharmony  
- Become familiar with various appliances designs and advantages and disadvantages to appliance selection  
- Focus on Principles and Design of Bite Splint therapy  
- Evaluate all various appliance designs and advantages and disadvantages to appliance selection  
- Discuss integration of appliance therapy, principles of occlusion, and equilibration  
- Learn how to communicate and collaborate with your team and patients with Appliance Therapy
MICHELLE LEE, DMD

**TMJ to Final Smile**

Audience: D,A

Time: 1:00-4:00 p.m.

Fee: $40

Course #S26

CE Hours: 3 technical and/or scientific

AGD Subject Code: 180

**LEARNING OBJECTIVES**

- Review cases from treatment of the TMD to final smile
- Explore posterior and anterior determinants of occlusion
- Become familiar with Rules of Occlusion as it related to the cases presented
- Discuss principles of prep design in smile and anterior esthetics case
- Review cementation procedures
- Learn how to communication and collaborate with your team and patients in this process

JACQUELINE PLEMONS, DDS, MS

**Prescribing Controlled Substances: Drugs, Monitoring and Standards of Care**

Audience: D,A,H

Time: 8:00 a.m.-12:00 p.m.

Fee: $75

Course #S12

CE Hours: 4 technical and/or scientific

AGD Subject Code: 340

**LEARNING OBJECTIVES:**

- Understand the nature and magnitude of the opioid epidemic in the United States and Texas
- Explore safe and effective pain management techniques
- Review approved procedures of prescribing and monitoring controlled substances

THOMAS SCHLIEVE, DDS, MD

**Oral Cancers – An Update on Diagnosis, Management and Oral Care**

Audience: ALL

Time: 8:30-11:30 a.m.

Fee: $40

Course #S20

CE Hours: 3 technical and/or scientific

AGD Subject Code: 730

**LEARNING OBJECTIVES**

- Understand the changing landscape of oral and head and neck cancer in the United States and the role of HPV
- Recognize the signs and symptoms of oral cancer and best practices in oral cancer screening
- Discuss modern treatment strategies for oral cancer and oral rehabilitation of the cancer patient
- Review the side effects of oral cancer care and the short and long term dental needs of the cancer patient
- Review radiation and medication related osteonecrosis of the jaws in cancer patients
### SATURDAY COURSES

**THOMAS SCHLIEVE, DDS, MD**  
**Medical Emergencies – Recognition and Management**  
Audience: ALL  
Time: 1:30-4:30 p.m.  
Fee: $40  
Course #S32  
CE Hours: 3 technical and/or scientific  
AGD Subject Code: 142  

**LEARNING OBJECTIVES**  
- Determine risk stratification of patients and mitigation of risk  
- Recognize the signs and symptoms of office emergencies  
- Formulate a differential diagnosis and management plan  
- Review case reports and management strategies  
- Acquire competence and confidence in the recognition and management of medical emergencies

**SAM SIMOS, DDS**  
**The Indirect Restorative Solution**  
Audience: D,A,T  
Time: 8:30-11:30 a.m.  
Fee: $40  
Course #S21  
CE Hours: 3 technical and/or scientific  
AGD Subject Code: 250  

**LEARNING OBJECTIVES**  
- Learn preparation strategies to help attain incredible subgingival impressions whether you are using traditional analog impression materials or the newest intra oral scanning technology  
- Discover how to retract successfully with or without retraction cord  
- Review the latest adhesives and in what clinical situations they will work and what clinical situations you need to change your bonding strategies  
- Discuss bonding strategies for Zirconia vs. Lithium Disilicate and why you need to think about these different substrates differently

**SAM SIMOS, DDS**  
**Direct Materials Techniques and Technologies**  
Audience: D,A,T  
Time: 1:30-4:30 p.m.  
Fee: $40  
Course #S33  
CE Hours: 3 technical and/or scientific  
AGD Subject Code: 010/250  

**LEARNING OBJECTIVES**  
- Discover the newest techniques and technologies for placing direct restorations  
- Learn about the newest bonding materials for direct and indirect restorations  
- Establish a team approach to bonding while increasing value with patients for new materials  
- Review bonding update...What you need to know about bonding systems and compatibility before you place your next direct or indirect restoration
**TAISEER SULAIMAN, DDS, PHD**

**Pursuit of Excellence: Optimizing Indirect Restorative Outcome...Material Selection and Clinical Application**

- **Audience:** D,A,H,T
- **Time:** 8:00-11:00 a.m.
- **Fee:** $40
- **Course #:** S13
- **CE Hours:** 3 technical and/or scientific
- **AGD Subject Code:** 010/250

**Learning Objectives**
- Understanding properties of ceramic materials and how it compares to the natural tooth structure
- Understand how and why material selection impacts treatment planning and outcome longevity
- Establish criteria for modern-day ceramics selection and application, including bonding, with a focus on monolithic zirconia and its various generations

---

**TAISEER SULAIMAN, DDS, PHD**

**Optimizing Clinical Outcome and Esthetics of Resin-based Direct Restorative Materials**

- **Audience:** D,A,H,T
- **Time:** 1:00-4:00 p.m.
- **Fee:** $40
- **Course #:** S27
- **CE Hours:** 3 technical and/or scientific
- **AGD Subject Code:** 250

**Learning Objectives**
- Bring composite resin classification up to date, including the recently introduced nano-filled and bulk fill composites, so that clinicians can make an appropriate, evidence-based choice when selecting a direct restorative material for any given direct restorative situation.
- Provide clinical tips finishing and polishing steps, as well as how to choose and use light curing to maximize the potential and durability of composite resin restorations.
- Review resin infiltration techniques and how it can be minimally invasive in treating white-spot lesions.

---

**RICHARD YOUNG, DDS**

**Dental Photography: The Shutter to Great Dentistry**

- **Audience:** D,A,H
- **Time:** 8:30-11:30 a.m.
- **Fee:** $40
- **Course #:** S22
- **CE Hours:** 3 technical and/or scientific
- **AGD Subject Code:** 138

**Learning Objectives**
- Learn to use three types of photographs to communicate effectively in dentistry.
- Choose the right equipment to create great dental photographs.
- Understand how to use photography to communicate with patients, lab, and social media.
- Learn how to capture a great photo with your iPhone if that’s all you have.
RICHARD YOUNG, DDS
Dental Photography:
The Shutter to Great Dentistry Workshop
Audience: D,A,H
Time: 1:00-4:00 p.m.
Fee: $175
Course #S8
CE Hours: 3 technical and/or scientific
AGD Subject Code: 138

*ATTENDEES ARE ASKED TO BRING THEIR CAMERA.

LEARNING OBJECTIVES
• Discover three types of photographs to communicate effectively in dentistry
• Become familiar with the right equipment to create great dental photographs
• Learn the correct settings for your camera
• Utilize photography to communicate with patients, lab, and social media

MERIDAN ZERNER, MS, RDN, CSSD, LD, CWC
Diet Myths and Misunderstandings
Audience: ALL
Time: 8:00-11:00 a.m.
Fee: $40
Course #S14
CE Hours: 3 technical and/or scientific
AGD Subject Code: 150

LEARNING OBJECTIVES
• Learn the Cooper Clinic philosophy for how living a healthy lifestyle can improve your quantity and quality of life
• Appreciate the complexity of our individual relationship with food, health and weight
• Identify the elements of "junk science" to better navigate health decisions
• Review the latest information on diet trends, myths and misunderstandings
• Consider the power of intentional, sustainable and realistic nutrition strategies for lasting results

MERIDAN ZERNER, MS, RDN, CSSD, LD, CWC
Food as Medicine
Audience: ALL
Time: 1:00-4:00 p.m.
Fee: $40
Course #S28
CE Hours: 3 technical and/or scientific
AGD Subject Code: 150

LEARNING OBJECTIVES
• Learn the Cooper Clinic philosophy for making the kind of health changes that enhance your quantity and quality of life
• Understand the concept of "food as medicine" and the integral role diet plays in health management
• Explore the evidence-based dietary patterns that have been shown to prevent chronic disease (and learn more about the "best diets" for 2023)
• Investigate the foods, herbs and spices that can help fight inflammation...and increase longevity
A SPECIAL THANK YOU TO THE FOLLOWING COMPANIES FOR THEIR GENEROUS CONTRIBUTIONS IN SUPPORT OF THE 2023 SOUTHWEST DENTAL CONFERENCE.

- BRASSELER USA®
- BURKHART DENTAL SUPPLY

COURSE HIGHLIGHTS

HIGH PERFORMING WORKSHOPS - FRIDAY

ORAL SURGERY FOR THE GENERAL PRACTITIONER WORKSHOP

Robert Edwab, DDS, MBA

Step-by-step techniques to broaden your scope of practice and make oral surgery more enjoyable and income-producing are performed on fresh pig mandible. The clinician demonstrates the procedure in front of you and the attendee performs the surgical procedure on his or her own pig mandible. Learn to perform a frenectomy, biopsy, flap techniques and an I & D. Learn about suturing techniques as you work. Proper use of the cowhom and Ash forceps are demonstrated as you extract anterior and posterior teeth along with the use of a rongeur when doing alveoplasties and root removals.

Course #F3 or F7. See page 26 for full information.

EQUIPMENT MAINTENANCE AND REPAIR WORKSHOP

Burkhart

Increase the lifespan for your dental equipment investments by learning preventative maintenance requirements and processes. Learn how to save on repair costs by making basic equipment repairs and simple adjustments to improve the use of equipment.

Course #F4 or F5. See page 26 for full information.

"X" MARKS THE SPOT: TECHNIQUE SIMULATION FOR LOCAL ANESTHESIA WORKSHOP

Alan Budenz, MS, DDS, MBA

This workshop is an opportunity to develop and practice clinical techniques with special emphasis on the mandible, including the Gow-Gates and the Vazirani-Akinosi mandibular division block techniques, tips and tricks for conventional IA regional nerve blocks and single tooth anesthesia without a nerve block injection. A complete maxillary division block will also be presented. Short lecture segments present the anatomical landmarks and discuss the steps of individual nerve block techniques, followed by a clinical demonstration of the technique and then the participants pair up to practice locating the landmarks and walking through the technique on each other (no actual injections are given).

Course #F6. See page 24 for full information.

THE EXCEPTIONAL ASSISTANT 2023

Edwin “Mac” McDonald, III, DDS

In this hands on workshop each participant will work on the steps of building the dentist assistant clinical team. That will include clinical preparation, developing clinical protocols and standards, and fine tuning the appointment event. In addition, we will complete exercises in getting to know ourselves and others through a simple personality profile and communication exercise. Finally, we will fabricate a single tooth provisional, and introduce the Quicksplint as a revolutionary tool for pain diagnosis and short term pain treatment.

Course #F8. See page 31 for full information.
HIGH PERFORMING WORKSHOPS - SATURDAY

ORAL SURGERY FOR THE GENERAL PRACTITIONER WORKSHOP
Robert Edwab, DDS, MBA
Step-by-step techniques to broaden your scope of practice and make oral surgery more enjoyable and income-producing are performed on fresh pig mandible. The clinician demonstrates the procedure in front of you and the attendee performs the surgical procedure on his or her own pig mandible. Learn to perform a frenectomy, biopsy, flap techniques and an I & D. Learn about suturing techniques as you work. Proper use of the cowhom and Ash forceps are demonstrated as you extract anterior and posterior teeth along with the use of a rongeur when doing alveoplasties and root removals.

Course #S3. See page 38 for full information.

CROWN LENGTHENING WORKSHOP (FUNCTIONAL)
Timothy Hempton, DDS
Crown lengthening procedures may involve osseous resective therapy in addition to surgical management of soft tissue. These hard and soft tissue alterations may be provided in order to obtain a ferrule height and establish a biologic width. This course will utilize a plastic typodont to provide a practical exercise in exposing a maxillary premolar with a subgingival fracture. Techniques for incisions, osseous therapy and suturing will be reviewed. Indications and contraindications to surgical exposure will be discussed.

Course #S4. See page 40 for full information.

ANATOMICAL ROOT CANAL INSTRUMENTATION AND BIOCERAMIC ROOT FILLING WORKSHOP
Meetu Kohli, BDS, DMD and Frank Setzer, DMD, PhD, MS
The hands on covers current biological concepts for positive endodontic treatment outcomes. Bio-minimalistic 3-D cleaning and bioceramic root filling technologies will be discussed. Participants will perform hands-on exercises on plastic blocks and realistic simulated models of natural teeth. 3-D technology that allows for superior cleaning of the root canal system in all dimensions with minimal removal of dentin will be discussed and demonstrated.

Irrigation protocol proposed by PennEndo and the limitations of gutta-percha obturation will be presented. State-of-the art, bioactive obturation techniques and concepts will be highlighted during the course. The paramount aim of the course is to enable the participant to perform the full scope of endodontic procedures and to understand endodontic biologic principles to evaluate new instruments and techniques and to evolve along with the revolutionary changes in the discipline.

Course #S5 or S6. See page 42 for full information.

CLASS IV COMPOSITES: LAYERING TECHNIQUES FOR PREDICTABILITY AND SUCCESS WORKSHOP
Dennis Hartlieb, DDS
The participants will learn a step-by-step application of direct resin for fractures of anterior teeth. The appropriate preparation techniques for fractured incisors to help camouflage the restoration and maximize retention will be reviewed and practiced. Concepts to create and utilize a customized lingual incisal matrix will be used in the hands-on exercise. Utilizing a layered Nanofilled composite system, the participants will overcome the problem of ‘shine-thru’ commonly seen with Class IV composites. A predictable, uncomplicated technique to restore the fractured anterior tooth will be taught in this hands-on program.

Course #S7. See page 39 for full information.

DENTAL PHOTOGRAPHY: THE SHUTTER TO GREAT DENTISTRY WORKSHOP
Richard Young, DDS
In today’s world of visual communication attractive dental photographs, which are used to communicate with patients, labs, and social media, are imperative. This hands-on course will present a simplified yet artistic approach to dental photography and will help the participants select and use the correct photo systems, accessories, and software. Most importantly they will learn techniques to take portrait and intraoral photos that are exciting because of their color, lighting, composition, and visual impact.

Course #S8. See page 46 for full information.
FOR THE NEW DENTIST

FRIDAY, AUGUST 25

Vaping Revisited: The Kids Are Back in School, Now What?  
Course #F32

CITYWIDE THINGS TO SEE & DO

Dallas Zoo
Named one of “10 Amazing Zoos in the World,” the Dallas Zoo is the largest zoological experience in Texas. www.dallaszoo.com

The Katy Trail
The Katy Trail runs through the densest part of our city, offering runners, bikers, hikers and others a great place to enjoy the outdoors. The Katy Trail runs from the West End/American Airlines Center in the south, through the heart of urban Dallas up to SMU and Mockingbird DART Station in the north. katytraildallas.org

Perot Museum of Nature and Science
Opened in 2012, this museum is a popular hands-on learning experience with interactive components on all four floors. With 11 permanent exhibit halls in the heart of Dallas, the Perot Museum of Nature and Science provides an unforgettable experience for guests of all ages. www.perotmuseum.org

Sixth Floor Museum
The Sixth Floor Museum at Dealey Plaza (former Texas School Book Depository) presents the social and political landscape of the early 1960s, chronicles President Kennedy's assassination and its aftermath, and reflects upon his lasting impact on our country and world.

Use D-Link and the Trolley to spend time in Dallas without spending a dime!
Use D-Link to explore Dallas’ arts, fun, culture and dining. Check out the Dallas Arts District and much more across downtown Dallas. Buses run every 15 minutes (10:30 a.m. - 9:30 p.m.) seven days a week. Service provided by DART, Downtown Dallas, Inc. and the City of Dallas. Hop on the McKinney Avenue Trolley that takes you through Downtown, The Dallas Arts District and Uptown. Look for the “M-Line” maroon sign that’s located at all the stops along the route and track the trolley to see when its near.

WWW.VISITDALLAS.COM
Klyde Warren Park
The newly opened 5.2 acre deck park is an urban green space built over Woodall Rodgers Freeway to connect Uptown, Downtown and the Arts District. www.klydewarrenpark.org

Bishop Arts District
Once one of Dallas’ best hidden treats, this two-block former warehouse area sit in the Oak Cliff neighborhood of South Dallas. It’s home to more than 60 boutiques, restaurants, bars, coffee shops and galleries, making it one of Dallas’ most unique districts. www.bishopartsdistrict.com

Trinity Groves
The 15-acre restaurant, retail, artist and entertainment destination sits at the base of the Margaret Hunt Hill Bridge in West Dallas. This ultimate foodie destination has everything from BBQ to sushi to Italian to southern comfort food and is home to the Restaurant Concept Incubator program, which encourages culinary entrepreneurs to develop restaurant concepts. www.trinitygroves.com

The Dallas Arboretum & Botanical Gardens
The Dallas Arboretum and Botanical Gardens was created to preserve history and nature. www.dallasarboretum.org

Dallas World Aquarium
View exotic birds, lounging sloths, a wide array of animals in the many conservation projects and a vast aquarium portion. www.dwazoo.com

GeO-Deck at Reunion Tower
At 470 feet up you'll experience breathtaking 360-degree panoramic views, high-definition zoom cameras, interactive touch screens, telescopes, a free digital photo and an indoor/outdoor observation deck that lets you see for miles in any direction. iontower.com

Deep Ellum
Deep Ellum introduced jazz and blues to Dallas in the 1920s. Today, the neighborhood’s rich musical history still beats on with live music venues alongside trendy dining spots and bars, unique shops and striking art installations and murals. www.DeepEllumTexas.com

In Dallas, you can expect big things. Dallas offers the best shopping in the Southwest, a cutting-edge culinary scene, 14 exciting entertainment districts, the nation's largest urban arts district and impressive accommodations. The metroplex is the #1 visitor destination in Texas!
Since 1998 the Dallas County Dental Society Foundation has had the opportunity to:

- Provide screenings and educate elementary school children in the Dallas Independent School District (DISD) about oral health.
- Place sealants on second graders in DISD schools.
- Launch two programs in conjunction with the Dallas Dental Hygienists’ Association to provide oral health education in schools (ToothTalk) and nursing homes (Senior Smiles) in the Dallas area.
- Provide over $3.2 million in care to more than 5,086 underserved patients at Texas Mission of Mercy held in Dallas since 2004, in partnership with the Texas Dental Association Smiles Foundation.
- Collaborate with Attitudes and Attire™ program to promote volunteers to provide dentistry to Hopeful Smiles™ and Boots to Heels™ programs.
- Offer scholarships to dentists interested in public service.

This past year, we continued two new initiatives from the previous year:

- Give Kids a Smile Dallas-2022, providing oral hygiene instructions, nutritional counseling and providing dental kits to 700 Dallas County elementary school kids via video; and
- Charity Summit Dallas III, which brought together leaders in Dallas County charitable organizations via Zoom to share information, open lines of communication and provide pathways for partnerships.
WHY BE AN EARLY BIRD?

Better Course Selection
Through the pre-registration date, July 14, we can re-arrange popular courses to accommodate more attendees. After that date, courses are limited to classroom size—once full, you’re out of luck.

Discounted Registration Fees
Registration fees increase $50 per person after July 14.

Discounted Course Fees
Course fees increase $10 per course after July 14.

To help you with the math...
If you have an office of five attending the conference, with each person booked in four courses, you’ll save up to $450 ($90 per person) by pre-registering.
